

**SCOTT AND OBREGON
CONFERENCE YET ON;
OUTLOOK FAVORABLE**

Services of Hawaii National
Guard Tendered Sec-
retary Baker.

LAST TROOPS NOW MOBILIZED

With Three States' National Guard
Under Orders, Force of 10,000, In-
cluding Coast Artillery, Hasten-
ing to Reinforce General Funston.

By Associated Press.
WASHINGTON, May 10.—Secretary
Baker informed President Wilson to-
day that the conference between Gen-
eral Scott and General Obregon last
night was not conclusive and that it
would be continued today. He in-
dicated that the outlook was more fa-
vorable for an agreement being reached.
The exact points of differences
were not revealed.

General Scott has advised Sec-
retary Baker that no formal counter
proposal has been submitted by Gen-
eral Obregon but that Obregon ar-
ranged to submit a paper containing
his views today. General Scott did
not advise the department what coun-
ter proposals were under considera-
tion.

Secretary Baker today received an
offer from Governor Peckham of Hawaii
tendering the services of the Hawai-
ian National Guard.

LAST TROOPS MOBILIZED.
WASHINGTON, May 10.—Virtually
the last American troops in the Uni-
ted States were being mobilized today
for Mexico border service. With the
National Guards of three states under
orders, a force is hastening to rein-
force General Funston's army with a
total of between 5,000 and 10,000
including all the companies of constab-
ulary ordered out last night by Sec-
retary Baker.

TELE. CONCENTRATION.
MEXICO, Tex., May 10.—Villa
bands in large numbers are reported
to be concentrating at El Paso, 35
miles south of Juarez. The two
bodies of bandits split their forces af-
ter the Gila Springs raid with the un-
derstanding that they would join
their commands at El Paso. These
bandits have been operating several
months in the vicinity of the border
and recently began their move-
ment to the north with designs
on American border towns.

NOT MARCHING ON COLUMBUS.
COLUMBUS, N. M., May 10.—Rumors
that 3,500 Carranza soldiers were
marching on Columbus and that Gen-
eral Pershing's rear guard had been
attacked were dispelled here today
after a reconnaissance flight made by
Captain T. F. Ford, of the aerial
corps. Captain Ford flew over ter-
ritory 75 miles to the south and west
of Columbus. He reported seeing no
Mexican soldiers and that all was
quiet along the American line.
The rumors of the attack became
current last night. Machine guns
were mounted in some parts of the
military camp and soldiers kept close
to the barracks.

STUDENTS ENLIST.
AUSTIN, May 10.—Forty students of
the University of Texas had enlisted
for service in the Texas National
Guard along the Mexican border at 8
o'clock today and the university
authorities said many more were en-
deavoring to enlist. Students going
into the Mexican service will be given
credit for the work already done in
the university this year.

AMMUNITION CONFISCATED.
LA REDD, Mex., May 10.—A million
rounds of rifle ammunition which
Mexicans attempted to smuggle across
the river into Mexico near here today
was confiscated by troops here today.
It was believed the ammunition was in-
tended for the use of bandits.

MILITIA CAMP SITES.
SAN ANTONIO, Tex., May 10.—A
board of army officers today began lay-
ing out camp sites for the militia and
regular troops that will begin arriving
here within the next few days subject
to the orders of Major General Funston.
A total number of men mobilized
here for service on the border and in
Mexico will exceed 5,000 men.

TEXAS TROOPS REPORT.
AUSTIN, Tex., May 10.—Adjutant
General Henry Hutchings announced
today that all Texas companies of the
National Guard have orders to report
to Fort Sam Houston at San Antonio
Thursday. Troop movements will be-
gin tonight.

GOVERNMENT BUYS SHELLS.
WHEELING, W. Va., May 10.—The
Wheeling Metal & Foundry Company
today received an order from the
government for 38,000 three inch
shells for the new field artillery. The
plant has been turning out shells for
the foreign governments and is in a
position to fill the American order
without delay.

Dawson School Board.
The date for the election of teachers
for the ensuing year will likely be
set at a meeting of the Dawson school
board to be held Friday night.

Fire in Coal Shed.
The fire department extinguished
a blaze in a small coal shed on Third
street, West Side, about 1 o'clock.

**MORE WESTINGHOUSE MEN
RETURN TO WORK TODAY**

Militia Still on Duty; Judge Held Tells
Grand Jury to Investigate
Breakdown Riot.

PITTSBURGH, May 10.—Three thou-
sand more men entered the plant of
the Westinghouse Electric & Manu-
facturing Company at East Pittsburgh
today before the gates were shut. All
of the strikers who now desire to re-
turn will have to make application
through the employment office. Strike
leaders and pickets were not in sight
around the works. The situation in
other parts of the Turtle Creek valley
was declared by factory managers to
be improved and many men returned
to work at McKees Rocks, where em-
ployees of the Pleased Steel Car Com-
pany have been striking. While the
militia were still on duty in East
Pittsburgh, it was expected that some
would be ordered home tomorrow.

Judge A. B. Reid today called the
grand jury before him when court
opened and instructed it to candidly
investigate the Breakdown riot.
Annie Bell, Fred H. Merrick and J.
H. Hall, strike leaders, who were ar-
rested last week on coroners' war-
rants, and a dozen others said to have
been implicated in the riot, are con-
fined in the county jail while eight in-
jured rioters are under guard in the
Breakdown hospital.

CHICAGO STRIKE SPREADS.
CHICAGO, May 10.—The clothing
workers' strike which began yester-
day with the walkout of about 600
cutters is expected to spread today.
According to Frank Rosenblatt, sec-
retary of the Amalgamated Clothing
Union and acting executive head of
the strikers in Chicago, more than
1,000 employees of the D. Kuppen-
heiner Company will leave their
work today.

NEW NOTE ON SUSSEX

Germany Says Submarine Commander
Punished; Promises Reparation.

By Associated Press.
WASHINGTON, May 10.—Secretary
Lansing received a message from
Ambassador Gerard today giving no-
tice that a new note on the Sussex
case had been handed him and was
on the way to Washington.

It has been indicated that the Ger-
man government now admits attack-
ing the submarine and gives notice that
the submarine commander responsible
has been punished and promises
to make reparation.

BLOOD SHED SUSSEX

BERTIN, via London, May 10.—
According to a dispatch from Scutari
the chiefs of all the Albanian clans
in a meeting there have voted un-
animously to suspend for six months
the custom of blood contention.

LESS VERDUN ACTIVITY.

PARIS, May 10.—Activity on the
Verdun front has decreased accord-
ing to the statement given out by the
war office this afternoon. Artillery
action west of the Meuse was less
pronounced and east of the river was
only intermittent.

An attack on French trenches be-
tween the Oise and the Aisne was re-
pulsed.

NO DOUBT AS TO SUSSEX.

AMSTERDAM, via London, May 10.
A dispatch from Berlin says that as a
result of the German government's in-
vestigation concerning the explosion
which damaged the steamship Sussex
it can no longer be doubted that the
vessel torpedoed by a German subma-
rine on the supposition that it was a
warship, was in fact the Sussex.

NO AMERICANS ON CYMRIC.

LONDON, May 10.—The American
consul at Queenstown today from
Bantry to the American embassy here
announcing definitely that there were
no Americans on board the Cymric.
Mr. Frost says no warning was given
but that the wake of the torpedo was
soon.

Boys Angle Street Lot.
A deed was entered for record yester-
day covering the transfer of a lot
fronting 45 feet on Angle street, last
corner to Stuart street, to Mrs.
Mary B. L. Childs and others. The
consideration was \$1,000.

**PHILADELPHIA LEGISLATOR
HAS NEW BRUMBAUGH CHARGE**

PHILADELPHIA, May 10.—Addi-
tional charges of failure to account
for campaign contributions were
yesterday against Governor
Murtin G. Brumbaugh. The second
and latest accusation involves \$5,000
alleged to have been contributed by
Louis J. Kolb, whom Governor Brum-
baugh afterward appointed on his
military staff.
The charges are made by Isadore
Stern, member of the legislature from
Philadelphia.
Stern gives the details of how Kolb
is asserted to have borrowed the
\$5,000 from the Real Estate Trust
Company of Philadelphia, immedi-
ately depositing the fund with that com-
pany in Dr. Brumbaugh's name, with
the explanation that it was to be
used for political purposes in the
candidate's campaign.
Representative Stern demands that
Governor Brumbaugh immediately
call a special session of the legisla-
ture for a thorough investigation of
the accusations against him.
"If Governor Brumbaugh is inno-

**TO STAY THE SALE
OF GREENE COUNTY
COAL FOR TAXES**

Purpose of Proceedings Be-
fore Judge Ray of
Waynesburg.

COUNTY TREASURER ENJOINED

From Proceeding With Sales; Many
Irregularities and Defects Alleged
by the Petitioners, Many of Whom
Are of Fayette; Decision Pending.

The question of sales by county
treasurers of properties upon which
taxes have become delinquent is at-
tracting considerable attention in this
section of the state. In Greene coun-
ty the matter was assumed legal form
growing out of a temporary injunc-
tion issued by Judge J. W. Ray re-
straining him from proceeding with
advertising or selling certain prop-
erties to secure the payment of taxes.
In this action the receivers for J. V.
Thompson, the receiver for J. W. So-
mans and Thomas B. Somans, John
T. Robinson, J. B. Donley, J. W. Cleas-
ter, Patrick J. Bradley and the Green-
e County Coal Company were the plain-
tiffs. The motion to make the injunc-
tion permanent was argued before
Judge Ray Monday, the petitioners
being represented by Crago & Mont-
gomery, Kyle & Reinhardt, M. E. Car-
roll and John S. Carter. A decision
is not expected for several days.

Many reasons were given in the bill
of complaint why the injunction is
asked. It was stated that not only
the returns show that the taxes were
levied on the proper assessments nor
that a demand was made on the prop-
erty owners for the payment. Many
returns fail to show that there was
not enough property on the land from
which to make the taxes. Not one re-
turn is based upon not supported by a
sworn return of the proper tax col-
lector; nor were any returns made
under oath.

It was further stated that many of
the blocks of coal are held by many
persons and that some of these per-
sons are financially unable to pay
their share of taxes at this time. The
plaintiffs aver that the sale would
pass no title to the property and
would only create confusion and end-
less litigation, and that it would en-
danger the life of the county.

It is estimated that the unpaid
county, borough and township taxes
in Greene county amount to more
than \$200,000 and the matter of pro-
ceeding with the advertising and sale
of the property to collect these taxes
as is required by law has been under
discussion by the county authorities
for some time.

Recently the county commissioners
ordered Treasurer Guthrie to proceed
with the sales. This he was prepar-
ing to do when the temporary injunc-
tion was granted.

George Orval Rush, treasurer of
Fayette county, has already com-
menced advertising a list of prop-
erties in this county for sale, among
which are some in which Thompson
has an interest and some owned by
other parties, and against which un-
paid taxes aggregating a large amount
have been entered.

IS NOT OLD 'JOE.'

Who Is a Candidate for Congressman
on a Patriotic Platform.

J. B. Kurtz is a candidate for con-
gress declaring that he "stands on a
platform of red-blooded American-
ism," and if elected "will support
American rights throughout the
world, without fear or favor."
Ex-Burgess Kurtz of town wishes
to assure his friends that, although
he himself has never been lacking in
patriotism of the truest sort, he should
not be confused with J. Banks Kurtz
who seeks congressional honors in
the United States but who has not
such inspiring and world-embracing
issues.

Granted Marriage License.
Frank Orbin of Johnstown and Anna
May Nicola of Crossland, were grant-
ed a license to wed in Uniontown.

**STATEWIDE GOOD ROADS DAY
MEET, UNIONTOWN, SATURDAY**

Lloyd Stillwagon Has Charge of Ar-
rangements for Gathering; Au-
tomobile Clubs Co-Operate.

A meeting will be held in the court
house at Uniontown on Saturday,
May 13, to perfect plans for the pro-
gram of observance of "State-wide Good
Roads Day," in Fayette county.
Lloyd Stillwagon of Connellsville
township, president of the Fayette
County Association of Township
Supervisors, is arranging the meet-
ing. He says that indications point
to a greater day on the roads than
last year when Fayette county was
among the leaders in the "State-wide
Good Roads Day" movement.
The officials of the automobile
clubs of Fayette county have prom-
ised to co-operate in making "State-
wide Good Roads Day" successful
this year. The automobile clubs of
Uniontown and Connellsville are tak-
ing a leading part in arranging this.

M'GINNIS IS PRESIDENT

Elected Head of Western Pennsylvania
Postmaster Association.

At a meeting of the Western Pennsylv-
ania Postmaster Association held
yesterday in Greensburg, Postmaster
W. D. McGinnis of this city was elected
president of the state association.
Fred D. Ohley, postmaster at West
Newton, was elected secretary.

Postmaster McGinnis who is also
president of the Western Pennsylvania
association, presided at the meeting and
introduced James J. Blakely, fourth
assistant postmaster general. Mr.
Blakely is from Pennsylvania and in
his talk to the postmasters touched
upon politics, both state and national,
making a dig at the so-called par-
tisan Democrats. Mr. Blakely paid
a compliment to the work which is be-
ing done by the association in bringing
about an improvement in the postal
service. He declared it is necessary
for the postmaster to be a man of
conduct in a business like a man-
ner. J. P. Law of Pittsburgh, a mem-
ber of the Agricultural Department,
delivered an address.

Plans to merge the Western Associa-
tion with the Eastern Association
were discussed. Representatives from
the Eastern Association were present.
A temporary committee was appoint-
ed to perfect the organization at a
meeting in September. Following the
meeting session the visiting delegates
and their friends were guests of Post-
master John W. Zimmerman of Greens-
burg, at a banquet at the New Fisher
House. Covers for 75 were laid. The
next meeting of the association will
be held at Washington, D. C., Tuesday,
June 13. The tenth annual conven-
tion of the state association will be
held September 11 and 12 in Harris-
burg.

SELL MISCELLANEOUS ARTICLES

Garbage Plant's Possessions Go Under
Hammer.

At a public sale this afternoon all
the property that became the city's
when it purchased the garbage plant
was auctioned off. The plant itself
was not sold. In order to get good
prices council sold on six months' credit.
Among the things sold were
six horses, five wagons ten boxes, six
pigs, a paper baller, and various other
miscellaneous articles.
Council will hold a meeting this
evening at which the contract for the
running of the plant will be awarded.
There are only two bidders for the
job. Walter Atis and James Francis
in partnership and William Corbin
Corbin offers \$25 a year to council for
permission to run the plant and the
other bidder offers 10% of the re-
ceipts.

NEW MANAGER HERE

Howard Martin of Newark, N. J.,
Succeeds C. W. Hays.

Howard Martin of Newark, N. J.,
is a new manager for Boy's, Porter
& Company, a successor of C. W. Hays
who resigned. Mr. Martin is an
electrical engineer and before coming
to Connellsville was with the Split-
doors Electric Company in Newark.
At one time he was in the employ of
the General Electric Company in
Lynn, Mass.

Yesterday Boy's, Porter & Com-
pany filed application for incorpora-
tion. Hereafter the company was a
partnership concern. The incorpo-
rators are C. M. B. Boy's, James M.
Field and James D. DeShane.

Granted Marriage License.
George E. Gaborick of Stettin and
Ida P. Burkholder of White, Mafk
Kromposky of Trotter and Neel Kra-
dick of Dute were granted marriage
licenses in Uniontown yesterday.

Weds in Cumberland.
Miss Bertha May Mathias and Ed-
ward Joseph Haas, both of Mount
Pleasant were married in Cumberland
yesterday.

Weather Forecast

"Thunder showers this afternoon or
tonight, warmer, Thursday cooler
and probably fair. South to west
gales, is the noon weather forecast
for Western Pennsylvania.

Temperature Record.

	1915	1916
Maximum	76	63
Minimum	62	49
Ave.	69	56

The Yough river fell during the
night from 2.90 feet to 2.80 feet.

**UNIVERSAL MILITARY
SERVICE INSTRUCTION
IS TRUEST DEMOCRACY**

Congressman Crago Tells
How Quickly 10th Regi-
ment Responded.

READS MAJ. MARTIN'S REPORT

Congressman Is Applauded When He
Declares People of United States
Would Be Glad to Know We Had
Army of 250,000 on Border Today.

Special to The Courier.

WASHINGTON, May 10.—The record
of Congress today contained an official
report, placed there by Representa-
tive Crago, showing with what
speed part of the Tenth Regiment re-
sponded a few days ago to the call
issued for the Pennsylvania state
troops to do strike guard duty in the
Pittsburgh trouble. This defense of
the National Guard was made by Mr.
Crago, himself an officer of the 10th
Regiment for many years but recent-
ly resigned because of the fact that as
a member of the House of Representa-
tives he would have had to vote to
increase his own salary, because of in-
correct attacks on the guard.

It is admitted here that the calling
out of the guard for strike duty at
Pittsburgh was unfortunate and that it
had a bad effect on the pending
legislation proposing to strengthen the
national guard as against the volun-
teer army scheme. The Pennsylvania
state constabulary, of course, would
have been used for the strike duty, it
is known here, had that force not been
engaged at the time in similar work
in another part of the state. Nev-
ertheless, this did not get rid of the fact
that the national guard was called out
for this purpose, and the further fact
that it has set back considerably the
progress which had been made in
bringing Congress to the point of see-
ing that wisdom requires the strength-
ening of the national guard.

When the Senate and House con-
ferred, who are trying to reach an agree-
ment on the Senate and the House
army bills, came into the House yes-
terday afternoon for instructions,
Representative Crago spoke against
the Senate volunteer army scheme and
at the same time placed in the re-
cord a report which he had just re-
ceived from Major Edward Martin of
Waynesburg, which gave a detailed
account of the way in which one bat-
alion of the 18th Regiment responded
a few days ago to the call for duty at
Pittsburgh.

"At 12:45 o'clock Wednesday morn-
ing," says the report, as shown in to-
day's Congressional Record, "Colonel
Coulter called me by telephone and
stated that the regiment had been
ordered to assemble in its armories in
contemplation of strike duty in the
vicinity of Pittsburgh. He stated that
five companies had been ordered to
mobilize in Greensburg and the other
companies in their company armories.
He directed me to notify Company K of
Waynesburg, A of Monongahela, B of
New Brighton and H of Washington
as well as all field and staff in the
territories of the 2nd battalion.

"I could have had three companies
of my battalion in Pittsburgh very
easily by 9 o'clock in the morning by
myself taking out 525 train and could
have had the whole battalion there by
the time our regular 11:15 train ar-
rived in Pittsburgh at 1:30. Immedi-
ately after getting in touch with the
company commanders I arranged with
the superintendent of our local rail-
road for a special train if it was neces-
sary for us to leave promptly. The
men have been living entirely in the
armory since the call was made and
the other companies are in just as good
shape as the companies of this bat-
talion. They have been conducting drills,
having the practice and making gen-
eral improvements and repairs about
the various armories."

Major Martin tells in his report how
most of the companies were ready in
their armories by 7 o'clock in the
morning with a considerable number
of the members on hand prepared to
start for duty. In defense of the
National Guard, Representative Crago
also said:

Continued on Page Two.

**HUSBAND GETS TWO YEAR OLD
CHILD ON HABEAS CORPUS WRIT**

Rule on Mrs. Field to Show Cause
Why Divorce Decree Should Not
Be Set Aside; Court Notes.

UNIONTOWN, May 10.—James Hen-
ry Dowell, a Virginian who has been
a member of the crew of the United
States torpedo boat destroyer, Ten-
nessee, and Floyd Evans, a native of
Georgia, were sentenced by Judge J.
Q. Van Swearingen today to the Pen-
sylvania Industrial Reformatory at
Huntingdon. They entered pleas of
guilty to several charges. Dowell
wore his navy uniform in court.
Bowell and Evans were accused of
having assaulted and robbed Andy
Spano, a foreigner, at a carnival in
Brownsville last week. Bowell was
accused by his aunt, Mrs. J. Darvall
of High House, of having stolen jewelry
from her. He also was charged with
carrying concealed weapons. Bowell
is 15 years old and Evans is 16.

George Maxwell of Connellsville,
pleaded guilty to a charge of malici-
ous mischief and was sentenced to
pay the costs and serve 90 days in the
county jail. He admitted having
broken oil cups off machinery at the
plant of the Sligo Iron & Steel Com-
pany in Connellsville.

Other sentences imposed were:
Robert Hahn, larceny of razors and
hair clippers from the county home,
costs, Alex Dotter, assault and battery
upon his wife, costs; Mike Greco,
larceny of bailee of a violin at Sym-
pson works, costs; C. L. Cady, ab-
sconding from a boarding house, costs.

On a writ of habeas corpus issued
by Judge D. H. Reppert yesterday,
Mrs. Hazel I. Cope, who figured in an
unsavory hearing last week brought
her two-year-old child, Martha Grace
Cope, into court this forenoon. The
child had been taken from the home
of Charles E. Cope by Cope's wife. It
was agreed without a hearing that the
child was to be returned to Cope, and
that Mrs. Cope is to be permitted to
visit it at stated intervals. "We don't
want any more habeas corpus pro-
ceedings on account of these chil-
dren," said Judge Reppert.

Before Judge Reppert was heard
the action of Mrs. Andrew Thomas,
of Buffington, against her husband on
a charge of desertion and non-sup-
port. They are negroes and were mar-
ried July 28, 1911. Mrs. Thomas tes-
tified that her husband drove her from
home and accused her of being intima-
mate with other men.

A petition was presented to Judge
Reppert asking for a writ upon Mrs.
Mosemary McComick Field to show
cause why the decree awarded her
by the court March 15, 1911, divorcing
her from James H. Field should not
be set aside. The petition was taken
by the court to be disposed of later.

ARRESTED FOR LARCENY

Two Men Are Given Hearings Before
Alderman Hank.

Ambrose Kosh and Joe Kovach,
from Trotter and Leysenring respec-
tively, were given hearings before
Alderman Fred Munk this morning.
They were arrested last evening by
Patrolman Shumaker on information
of William Furlong who charged
them with larceny.

The men had on them a large bundle
of towels which had been taken from
the St. James Hotel of which Fur-
long is proprietor. The men also
admitted taking an overcoat, razor
and hat previous to last evening's
robbery.

The men paid the costs of the case
and settled with the prosecutor for
what they owed him on the hat and
coat. The towels were returned.

TO TEACH FOREIGN TRADE

A Course to be Inaugurated to Train
Men in This Line.

An educational course in foreign
trade, of which Dr. Edward D. Platt,
chief of the bureau of foreign and
domestic commerce, department of
commerce is director has been an-
nounced.

The course covers a treatment of
the various factors entering into ex-
port marketing such as world trade
economics, export policies, export
houses, direct exporting, the export
salesman, shipping, financing, export
technique foreign and home law and
importing.

The course is supplied to corpora-
tions and firms at moderate cost, for
study by their employees, and to
others interested in foreign trade.

**START HALF-DAY SESSIONS
FOR WEST SIDE STUDENTS**

Half-day sessions in the West Side
schools began this morning when the
pupils at the Greenwood school were
dismissed at noon for the remainder
of the day. In the afternoon the pu-
pils from the Seventh street school at-
tended. This change has been made
as the Seventh street building will be
sold at auction Saturday. The change
will continue until the end of the
term and the new building will prob-
ably be finished for them to enter next
term.

The pupils in the Fourth street
building still attend school all day.
As there are four rooms in both the
Seventh and Greenwood schools, the
change is more easily made than if
half-day sessions were held in part of
the rooms at the Fourth street school,
as the pupils attending that building
are in higher grades, while those in
the Seventh and Greenwood schools
are both of the same grade.

The teachers and pupils have been
making preparations for the change
during the preceding days and the
shift was made without any difficulty.
This is the second case of half-day

**SCARCITY OF MEN
HANDICAPS CLEAN
UP DAY PROGRAM**

Ten Teams Gather Rubbish
in Move for More San-
itary City.

PROBABLY REQUIRE TWO DAYS

Contractors of City Furnish Many of
Men on the Job; Some Citizens
Cleaned Up Premises in Advance
Simplifying Work of Health Board.

Handicapped by the scarcity of men,
the Board of Health began the clean-
up of Connellsville this morning when
six teams left the city hall for the dif-
ferent sections of the city. A mem-
ber of the Board of Health was in
charge of each gang. There were only
about 20 men out of the needed 60 on
the job and it will be necessary to
hold the cleanup again tomorrow in
order to cover the entire city.

Good time is being made by the
force that is at work and they are
greatly aided by the residents and
property owners who have piled the
refuse gathered on their premises in
convenient places where it can be
gathered up quickly and easily.

The men in charge were notified
that if more horses could be secured
the wagons were available. However,
too many wagons are put out on the
job, it will be hard to keep them go-
ing as the present force of men will
be thinned out even more by putting
them on new teams.

The contractors of the city are in
a large measure responsible for the
20 men that turned out to work to-
day. They responded to the request
of the Board of Health that men and
wagons be allowed them for today,
or the cleanup movement would have
been a hard problem.

On the West Side Dr. C. W. Utts,
who is in charge there, has moved
from First street to Fourth street.
With the worst part of that side of
the river gone over the remainder
can be easily finished by tomorrow.
Other gangs have done equally well
in other parts of the city. In some
sections residents have already clean-
ed off their premises and had the re-
fuse hauled away which saves time
for the men working today.

The old stone quarry on Prospect
street is being used for a dump on the
east side and the sand holes along the
river are being filled on the West Side.
A man has been stationed at each of
these dumps and all the refuse and
material is removed from the refuse
and buried.

Any kind of rubbish at all is taken
up by the teams, with the exception
of garbage and kitchen refuse. A
charge of ten cents a barrel is being
collected.

NEW SUPERINTENDENT

Nephew of

IN SOCIAL CIRCLES.

Members of the Men's Bible Class of the United Presbyterian Sunday school were banded last night in the Christian Church by members of the Men's Bible Class of the Christian Church. The banquet was perfect in all its appointments and was greatly enjoyed by members of the Ladies' Circle of the Christian Church. Covers for about 75 were laid. D. G. Moore, editor of the Greensburg Record was the principal speaker. The subject was "Bible Class Men in Civic Affairs." Mr. Moore stated that all churchmen should take a part in politics in order to purify the political conditions. His talk was very interesting and was greatly appreciated by the large gathering of men. Rev. H. S. Johnson of Greensburg, Rev. W. J. Everhart, also spoke. Rev. T. B. Simpson spoke in behalf of the Bible Class of the United Presbyterian Sunday school. Vocal solos by Robert Werner and James Charlesworth were well received, as were selections by S. F. Hood's six piece orchestra. Rev. C. C. Buckner presided. By E. L. Wolmer, president of the class, was toastmaster. The committee in charge was composed of W. H. Showman, C. A. Crowley and Smith Buttermore. J. E. Gatchell of Greensburg was an out of town guest.

The Connelville Masonic Association has issued invitations for an informal reception to be held Monday evening in the Masonic building, South Pittsburg street. The hours are from 8 to 12 o'clock.

Mrs. R. S. McKee will entertain the Friday Afternoon Bridge Whist Club Friday afternoon at her home in Ninth street, Greenwood.

Mr. and Mrs. James M. Doyle and Mrs. Frank Hellen gave a handsomely appointed seven o'clock dinner last evening at the Smith House in honor of Mrs. M. J. Flynn of Cleveland, O., a sister of Mr. Doyle. Covers for twelve were laid and the dinner was perfect in all details. A color scheme of pink and white, with vases of carnations forming the attractive decorations, was effectively carried out.

The Young Men's Bible Class of the First Methodist Episcopal church will hold a business meeting tomorrow evening in the church annex.

The Ladies' Circle No. 100 to the Grand Army of the Republic will meet tomorrow afternoon in Odd Fellows' hall in East Main street. The ladies rooms in Odd Fellows' Temple in East Apple street was vacated today.

The Bible class of district No. 11 will meet for study tomorrow evening at 7:15 o'clock at the home of Mrs. O. S. Stillwagon on the Swadgett road.

The annual commencement exercises of the Jefferson township schools will be held Tuesday evening May 16, at 8 o'clock in the Little Rock Presbyterian church. The class is composed of Hugh Daniels, George Lewis, Mabel Demarest, James Means, Mildred Jackson, Marian Saunders, Della Sturges, Lee Jennings, Dortha Hixson, Frances Miller and Robert Guseman.

About 60 ladies who attended the weekly meeting of the District Women's Christian Association, held last evening in the First Methodist Episcopal church. Supper was served by the ladies of the United Presbyterian church. A period for bible study in charge of Mrs. J. F. Kerr, the teacher, followed. After briefly reviewing the third chapter of the book of John, the fourth chapter was taken up and carefully studied. Miss Hilda Heldekum and Miss Lottie Huey sang a duet in a very pleasing manner.

The Ladies' Aid Society of the First Methodist Episcopal church will meet tomorrow afternoon at 2:30 o'clock in the church. All members are invited.

The N. C. D. Class of the First Methodist Episcopal Sunday school will meet Tuesday evening at the home of Mrs. S. D. Heary in East Main street.

The J. O. C. Class of the First Methodist Episcopal church met last evening at the home of Mrs. Harry Dancy in North Pittsburg street and re-elected the following officers for the ensuing year: President, Miss Sarah McKittrick; vice president, Miss Myra Fisher; secretary, Miss Herta Henry and treasurer, Miss Ida DeMuth. Plans were completed for the banquet to be served the Epworth League Friday evening, May 19 in the church. A social hour and refreshments followed the business meeting.

Members of the Glad-U-Kim Club were pleasantly entertained last evening by Miss Myrtle Cousenour at her home on the Narrows. The trip to and from the Cousenour home was made in automobiles. Fancy work was the amusement until a late hour when

You owe yourself This Rare Treat after the heavy meats and the canned vegetables of the Winter—with a jaded stomach and rebellious liver—**Shredded Wheat With Strawberries**—a dish that is deliciously nourishing and satisfying—a perfect meal for the Spring days, and so easily and quickly prepared. For breakfast, for luncheon, or any meal.

Made at Niagara Falls, N. Y.

an elaborate luncheon was served. The Misses Sisson of South Pittsburg street will entertain the club at its next meeting.

Edna Robeloh Lodge No. 22, Independent Order of Odd Fellows has secured a lodge room in Odd Fellows' Hall in East Main street and hereafter will meet on the second and fourth Wednesday nights of each month. The next meeting will be held Wednesday evening, May 24. All members are urged to attend.

The regular meeting of the South Connelville Woman's Christian Temperance Union will be held tomorrow afternoon at the home of Mrs. Jennie Swartz in Murphy avenue. A large attendance is desired.

Mrs. Charles E. Stout was honor guest at a handsomely appointed reception given last evening in Odd Fellows' hall by a number of her pupils. The committee in charge consisted of Mrs. Rosa M. Lytle, Herbert Dugan, Mrs. James Roberts, Miss Bertha Kling, Miss Mildred Miller, Mr. and Mrs. C. W. Greaves, William O'Connor and Arthur Berryhill, received. The large hall was converted into a bower of beauty for the occasion. A color scheme of green and pink was carried out in a very artistic manner. Ferns and tall vases of cut flowers were placed in every available space. The women were handsomely gown and throughout the evening the hall presented a very striking scene. Dancing and cards were the amusements. Kierlin's five piece orchestra furnished music for dancing. At 10:45 o'clock there was an intermission at which time the guest addressed to the dining room where an elaborate five course banquet was served. The favors were pink carnations. One hundred guests attended. Out of town guests were Dr. Francis Kling, Mr. and Mrs. J. W. Greaves and two daughters, Miss Marguerite Cochran, Ira Cochran, Mr. and Mrs. Herbert Grett of Dunbar; Mr. Bailey of York.

A meeting of the Daughters of Ruth Bible Class of the Trinity Lutheran Church was held last evening at the home of Mrs. William Sellers. At the conclusion of the business meeting a social hour was held and refreshments were served.

Mrs. H. C. Hoffman will entertain the Thursday Afternoon Card Club Friday afternoon at 2 o'clock at her home in Vine street.

A well attended meeting of the Woman's Home Missionary Society of the First Methodist Episcopal Church was held yesterday afternoon at the home of Mrs. Carrie Zimmerman in East Fairview avenue. Mrs. D. S. Swartz was leader. The general topic studied by the society was "Home Missions and Integrating Forces." The Immigrant in Mining and Manufacturing Regions," was introduced and discussed by a number of the members. Mrs. Alma Piersall gave a reading on "Why Not in Your Church?" This was followed by the reading of a paper, "Lights and Shadows," by Mrs. G. L. C. Richardson. Mrs. Edmund Dunn read "The Starry Gates." The following nominating committee for the election of officers was appointed: Mrs. F. W. Wright, Mrs. A. B. Kurtz and Mrs. Holland. Refreshments were served by a committee composed of Mrs. Wright, Mrs. Kurtz, Mrs. F. N. Sheridan and Mrs. Peters. The annual mid-winter opening will be held in June.

A meeting of the W. O. C. Class of the United Brethren Church was held last evening in the church. Business of a routine nature was disposed of.

UNIVERSAL MILITARY SERVICE INSTRUCTION IS TRUEST DEMOCRACY

Continued from Page One.

"In the first place I want to be considered as being always in favor of any plan of rational preparation on the part of my country. I shall vote for the larger army, first, because I want the chairman of the conference committee to feel that he has this House back of him in whatever limit he may see proper to go in regard to the regular army, and second, I shall vote for and support it because I believe the people of the United States would be glad to know that they had an army of 250,000 men today on the Mexican border." This was greeted with applause.

Then he proceeded to answer attacks which have been made on the national guard, "whose only offense," he said, "has been the fact that they have kept up an organization, and they have prepared for military service to the best of their ability and to the best of their knowledge and have answered the call of their states and their country on every occasion. If the guard has been weak," said Mr. Crago, "it is weak solely because of the failure of Congress to properly arm and equip and discipline it."

"I believe," added Mr. Crago, "that with proper attention and instruction our people will come to realize that universal military instruction and service is the truest democracy. Service must necessarily come, however, through education and through a demand for it on the part of the people. If it is to be effective, mere legislative enactment will not bring this about."

The Grim Reaper

MRS. VIRGINIA MICHAEL, 88 years old, died Sunday night at her home in Albright, W. Va. Deceased was an aunt of R. V. Outcub, of Chicago, and of Mrs. Lulu Luce of Bellefontaine.

MRS. ELIZABETH SHERMAN, the funeral of Mrs. Elizabeth Sherman took place this afternoon at 2 o'clock from the family residence in Fallsville, with interment in Fallsville cemetery. Mrs. Sherman attended church Sunday morning and was stricken down after her noon home. Up until that time she apparently was in her usual health.

PATRICK REYNOLDS, Funeral services for Patrick Reynolds, who died suddenly Sunday at his home at Shant, will be held from the Immaculate Conception Church in this city tomorrow morning at 10 o'clock. A special street car will leave Fairview for Connelville at 3:30 o'clock. Mr. Reynolds was a cousin of Anthony McNulty of Trotter.

MISS MARGARET COYNE, Miss Margaret Coyne 23 years old, died this morning at 10:30 o'clock at the home of her grandparents, Mr. and Mrs. P. Phelan at Mount Braddock following an illness of periodontitis. She was a member of the stenographer in the lighting department of the West Penn Electric Company in Uniontown. She had been of duty since December on account of illness. Her mother, Mrs. Julia Coyne and one brother, John Coyne, both of Mount Braddock survive. Miss Coyne had a number of friends in Connelville and vicinity and was held in high esteem by all who knew her.

William W. Steward's Will. In the will of William W. Steward, who died April 28 at his home in South Connelville a sister request of \$1 is made to his son Eddie Steward and the residuary estate given to his wife, Mrs. Annie Steward, who was also named as executrix. The estate is valued at \$2,200.

Notice. The office of the Connelville Water Company will be open in the evenings of the 9th and 10th of May until eight o'clock.—Adv.

BODY IN RESERVOIR

Mrs. Kolumb Drowns Herself at Trauger; in Water Two Weeks.

The lifeless body of Mrs. Kate Kolumb, 24 years old who left her home at Trauger April 21, was found floating on the top of the water in the Trauger reservoir yesterday morning by molemen on the Latrobe and Hecla trolley line. The body was removed from the reservoir and taken to the family home.

On leaving her home, Mrs. Kolumb kissed her children goodbye, and said she was going to down herself. She had often threatened to end her life because of the actions of her husband, who came home intoxicated and mistreated her. When told by the children that their mother was going to drown herself the husband refused to believe the story, thinking that his wife in an attempt to frighten him had gone to the home of a friend.

Last week the husband, becoming remorseful over the absence of his wife, appeared at several of the coke works and asked the aid of the police to locate her. The condition of the body revealed the fact it had been in the water two weeks. The Kolumbs formerly resided at Mount Pleasant.

Doctor Says Nuxated Iron Will Increase Strength of Delicate People 200% in Ten Days

In many instances—persons have suffered untold agony for years doctoring for nervous weakness, stomach, liver or kidney disease or some other ailment when their real trouble was lack of iron in the blood.—How to tell.

New York, N. Y.—In a recent discourse Dr. E. Satter, Specialist of this city said: "If you were to make an actual blood test on all people who are ill you would probably be greatly astonished at the exceedingly large number who lack iron and who are ill for no other reason than the lack of iron. The moment iron is supplied all their multitude of dangerous symptoms disappear. Without iron the blood at once loses the power to change food into living tissue and therefore nothing you eat does you any good; you don't get the strength out of it. Your food merely passes through your system like open through a mill with the rollers so wide apart that the mill can't grind. As a result of this continuous blood and nerve starvation, people become generally weakened, nervous and all run down and frequently develop all sorts of conditions. One is too thin; another is burdened with unhealthy fat; some are so weak they can hardly walk; some think they have dyspepsia, indigestion or liver trouble; some can't sleep at night; others are sleepy and tired all day; some fussy and irritable; some skinny and bloodless, but all lack physical power and endurance. In such cases, it is worse than foolishness to take stimulating medicines or narcotic drugs, which only whip up your flagging vital powers for the moment, maybe at the expense of your life later on. No matter what any one tells you, if you are not strong and well you owe it to yourself to make the following test. See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of ordinary

unmixed iron three times per day after meals for two weeks. Then test your strength again and see for yourself how much you have gained. I have seen dozens of nervous run down people who were ailing all the time double, and even triple their strength and endurance and entirely get rid of their symptoms of dyspepsia, liver and other troubles in from ten to fourteen days time simply by taking iron in the proper form, and this, after they had in some cases been doctoring for months without obtaining any benefit. You can talk as you please about all the wonders wrought by new remedies, but when you come down to hard facts there is nothing like good old iron to put color in your cheeks and good sound, healthy flesh on your bones. It is also a great nerve and stomach strengthener and the best blood builder in the world. The only trouble was that the old forms of inorganic iron like tincture of iron, iron acetate, etc., often ruined people's health. As a matter of fact, Nuxated Iron has been over a century and a half in the world and was not assimilated and for various reasons they frequently did more harm than good. But with the discovery of the newer forms of organic iron all this has been overcome. Nuxated Iron for example is pleasant to take, does not injure the teeth and is almost immediately beneficial.

NOTE—The manufacturers of Nuxated Iron have such unbounded confidence in its potency that they authorize the announcement that they will forfeit \$100.00 to any charitable institution if they cannot take any man or woman under sixty who lacks iron and increase their strength 200 per cent or over in four weeks' time, provided they have no serious organic trouble. Also they will refund your money in any case in which Nuxated Iron does not at least double your strength in ten days' time. It is dispensed in this city by A. A. Clarke and all other druggists.—Adv.

AARON'S CHALLENGE

It's any easy matter to advertise or say a thing—but the force and purpose of your argument is lost if you haven't the "goods" to back up your statements. You must "deliver the goods"—merchandise of quality that will wear and give complete satisfaction.

Behind the Aaron institution stand 25 years of honest dealings and an army of satisfied customers. That alone makes you feel "at home" when you come to Aaron's—you have the confidence that every purchase you make must give complete satisfaction—backed up by this reliable institution.

Aaron's Invite Comparison.

We don't ask you to simply take our word for it—which should be sufficient—but we want you to satisfy yourself that

Aaron's always gives you larger values, better Furniture, newer designs, a larger variety to choose from at prices that are from 25% to 40% lower than any of the other stores can offer. (All of the merchandise we now have was contracted for before any advance in price was effected and besides this you get the advantage of the savings made possible by Aaron's large buying power.

And Here Is Aaron's Challenge:

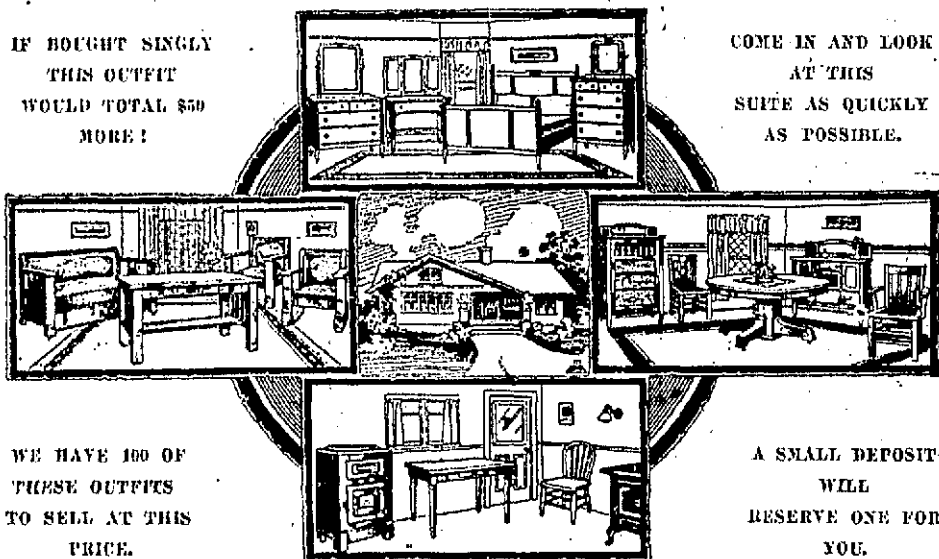

Visit any and all of the Stores in Southwestern Pennsylv-

vania and examine the merchandise they offer and the prices they ask—then come to Aaron's. Compare the merchandise—the quality of the materials—the prices at which they are offered—styles and designs—the careful, painstaking service—then you'll easily be convinced of why Aaron's enjoy the ever-growing patronage of the people of Southwestern Pennsylvania.

Convenient credit, if desired, extended to all worthy persons.

M. McClune, Ligonier, are candidates. In the Second district W. H. Williams of South Huntingdon township; Victor H. Dutton, New Kensington; Dr. L. C. Thomas, Latrobe; and Frank H. Steen, North Belvoir, are candidates. For delegates to the national convention: T. W. Phillips Jr., Butler; James S. Beacom, Greensburg, and Levi M. Wise, Butler; alternate delegate, L. I. Robertson, West Newton.

The candidates for membership on the state committee are Arthur Roberts and Harry E. Bunnell, New Kensington; Dr. L. C. Thomas, Latrobe; and Frank H. Steen, North Belvoir, are candidates. For delegates to the national convention: T. W. Phillips Jr., Butler; James S. Beacom, Greensburg, and Levi M. Wise, Butler; alternate delegate, L. I. Robertson, West Newton.

Revival Interest Continues.

Many Young Men Among Evangelist Love's Trail Hitters.

The Democratic announcements for Assembly are D. B. Fisher, Mount Pleasant; Rev. R. V. Hartman, Salina; P. J. Wagner, Penn township, and M. P. Shoemaker, Hempfield township.

Revival Interest Continues.

Many Young Men Among Evangelist Love's Trail Hitters.

Sunday was a great day in the history of the Mount Carmel Evangelical Church at Prillstown. Rev. James Lowe, or better known as "Sunny Jim", the great evangelist who has conducted revival services in many of the larger cities, has decided to remain over Sunday owing to the success of the meeting at Prillstown.

Many of the trail hitters who responded to Evangelist Lowe's invitation have been young men. A mass meeting held Sunday afternoon for men only attracted the largest crowd since the opening of the campaign. The church was filled to its utmost capacity. Evangelist Lowe delivered an eloquent sermon.

Somerset's Valuation. The triennial assessment of Somerset county shows a total valuation of \$20,822,793.

WHAT TO DO FOR ITCHING SKIN

All the Burning, Smarting Torment of Eczema Quickly Banished With Simple Home Treatment.

When the skin fairly burns and itches until you feel as if you would like to scratch till the blood comes, don't delay, don't continue to suffer, but get from your druggist at once some antiseptic Ucanol, apply as directed and enjoy the blessed relief it brings. The cooling, soothing, healing balsam-like ingredients of Ucanol sink right into the skin and almost instantly stop the angry itching, and soon clear away all rashes, pimples, sores, or other skin eruptions. It speeds up nature to form new, healthy skin.

Antiseptic Ucanol is now being recommended by A. A. Clarke in large, inexpensive family jars. It has not only been wonderfully efficient in almost every known form of skin disease but for piles. One delighted user has just written: "Ucanol is the best pile cure in the world. I tried everything recommended to me without relief till I got Ucanol."

For cuts, burns or bruises use Ucanol—it acts so quickly, so safely and efficiently that many factories where accidents are of frequent occurrence always have a supply of Ucanol for first aid to the injured. No household should be without its package of Ucanol.—Adv.

AFTER POSTOFFICE PLUM

South Brownsville Democrats Eager for the Place and Emoluments.

The appointment of a new postmaster for South Brownsville is the subject of much wise, grave, and some idle speculation among the politicians and non-politicians in the river town. The office yields a revenue of \$1,900 a year, out of which the postmaster must pay clerk hire and a janitor, leaving a plum of sufficient juiciness to attract many candidates for the place.

Of those mentioned as eager in their desire to serve the public, George W. Wilhelm, with the H. C. Frick Coke Company at its Bridgeport plant, is considered as having a strong lead in the race. He has been active in county politics and has a wide acquaintance that may be helpful in landing the appointment. John Wilson, an erstwhile leader in South Brownsville politics, believes he has certain claims upon democracy which should have fitting and proper recognition in the present situation.

Ray Mitchell, member of the South Brownsville council, has indicated a willingness to accept the more remunerative honor as postmaster, but is said to be making no active effort to secure it. Walter Perry is another of the faithful who is in a receptive mood, as has often been his frame of mind when offices become available to Democrats.

The Brownsville Telegraph assigns that all of the candidates have pledged themselves to Bruce Sterling's office

and that the New Freedom lieutenant in Fayette county, with rare tact and unflinching impartiality, has promised the job to each aspirant.

PERRYOPOLIS.

PERRYOPOLIS, May 10.—Miss Lois Campbell of Gratton spent the week end with Miss Helen Marshall.

Park Stoner of Mount Pleasant, was the guest of Miss Oma Stoner on Sunday.

Mr. and Mrs. Leslie Thompson of Brownsville, visited relatives here on Sunday.

Mr. and Mrs. James Lee Bannan, were week end visitors in town. J. N. Colbert has returned home after a very pleasant visit with friends at Youngstown, Ohio.

Miss Margaret Lashin of Connellsville is spending a week visiting her sister, Mrs. J. H. Christ at Vanderbilt.

Sau Butlermore of Perryopolis was a business caller here yesterday.

Township Constable Frank McLaughlin of Lelsening was a business caller here Monday.

ION-O-LEX

Stop Neuritis Pains

Ion-o-lex stops Neuritis by removing the cause.

Neuritis is a disease of the nerves. There is a lack of nerve energy—the delicate nerve sheaths are damaged.

Ion-o-lex penetrates the tissues—rejuvenates the nerve sheaths and stops the leak.

It is all mechanical—Ion-o-lex is not a drug—contains no narcotics, opiates or counter-irritants.

It simply stops the leak.

Ion-o-lex is a truly remarkable scientific discovery—used by the most prominent physicians in England and by the English Government in military hospitals.

Guaranteed to stop local inflammation wherever it occurs.

Ion-o-lex Liquid for internal use, and Ion-o-lex Ointment for external use.

For sale by A. A. Clarke and other prominent druggists.

WEDNESDAY EVENING, MAY 10, 1916.

STAIN!

Governor Brumbaugh's Presidential ship was badly torpedoed a couple of months ago by an Allegany county submarine and left in a sinking condition, but because nobody hoisted the black flag, and the Governor flunked himself still afloat, he is under the impression that he will be able to play the game out and pose as a Favorite Son at Chicago.

But his ship has been torpedoed again by a Philadelphia submarine of higher power. It is alleged that the Governor received \$5,000, from Louis J. Kolb which has never been accounted for, though Colonel Kolb is much accounted for as a member of the Governor's military staff.

While this is all in the game of politics, these are serious charges. Governor Sulzer of New York was promptly impeached for similar offenses. If Governor Brumbaugh is innocent the stain should be removed from his good name; if he is guilty, the stain should be removed from the good name of the Republican party.

CLEAN UP DAY.

Spring house cleaning is an ancient and honorable institution which has prevailed in this country ever since the landing of the Pilgrims, but municipal clean-up days are of comparatively recent origin, and are taken to indicate the first real impression lovely woman has made upon American government. Men must never have any interest in the back yard in spring time except to test its soil for worms when the fishing season arrives. Somewhere, somehow, we must allow the spirit of house cleaning burst its bounds and spread over the community through the influence and example of the women.

House cleaning is extremely disagreeable to most men, and Clean Up Day is not pleasant to many others, but such men are not being consulted today by the city authorities, and it is hoped that their influence has not been dominant in their households this spring.

Spring house cleaning is necessary to the removal of the dirt and filth which accumulate during the winter inside of the house, and city cleaning is necessary in the spring to remove similar accumulations from the yards and back alleys.

There ought to be no accumulations of this character inside or outside, and perhaps if the habit of cleanliness is sufficiently inculcated house cleaning and cleaning up days will no longer be necessary.

In the meantime, however, it is the duty of the day to clean up one's premises thoroughly and send the pros results over to the city authorities for disposal to the end that every man shall face the summer's heat with good sanitary conditions which are half the battle against epidemic diseases.

ASSESSMENTS.

There were but two appeals from the city assessment of Connelville and in only one of these was the valuation of the property materially reduced, but of greater importance was the rule laid down by Judge Van Swearingen as to the manner of making assessments.

Much was said and written on this point when the first city assessment was made in Connelville. It will be recalled that the assessors made a radical departure from established custom by assessing each property at its actual market value with the result that Connelville was assessed about twice as high as the balance of the county. This assessment was happily abandoned. The Courier protested earnestly against it at the time on the ground that it was inequitable. Judge Van Swearingen says:

"Under the law all real estate should be assessed for the purpose of taxation at its actual market value, but when that is not done the different properties must be assessed on a uniform basis to actual values within the territorial limits of the authority levying the tax."

The ratio in Connelville is about one-half the actual valuation and this is the county ratio generally. In correcting these assessments accordingly, the court corrected a plain mistake and established a plain rule for future assessments.

Miss Ivy Mountain, the young Springfield township teacher who was fined by a local justice for skipping a 16-year old boy with her while she kept him at bay with a hot pepper held in the other, has lost her case but she retains the sympathy of the public. The punishment she inflicted was not "severe and unusual." The method employed to guard herself against the boy was unusual, but not necessarily cruel. The boy had a wholesome respect for the pepper. He was not burned.

President Wilson has troubles at home.

Scottsdale has a live civic club. It is a ladies' club.

Dawson wants safety gates whether he gets safety fences or not. Dawson should not doubt have both of these protections against railroad accidents, but the fence naturally comes first. Why not start with it?

Unlabeled furnishes the British army with a member of its aviation corps. It runs in the Unlabeled blood to its high.

"Straws show which way the wind blows," and straw votes show the same thing that is to say the blowing of the wind.

It's back to the benches for the Westinghouse men.

The Republican National Convention will be the greatest show on earth. Ten thousand tickets have already been resupplied for it.

The circus played in hard luck, but it played in Connelville, which was a good thing. It was able to do in a number of other places. The better have played in hard luck than never to have played at all.

Pickpockets who came to Connelville with the circus had considerable trouble getting away.

The Wild Lifers had a buck and a doe to die on 'em.

After six days of hard service, Company D has been demobilized.

The courts have declared that a husband is not entitled to a divorce even though his wife does keep a dirty house and call him bad names. It looks as though the husband in such a case would have to appeal to the higher law of family discipline.

Looking Backward

News of the Past Condensed from the Files of The Courier.

FRIDAY, MAY 14, 1909.
All the oven plants of the coke region, except four which are out of commission for various causes, are in operation. Coke is selling at \$1.50 and demand is in excess of supply.

Of the 10,522 ovens in the region, 10,241 are in blast and 281 idle. The shipments average 880 cars, distributed as follows: West of Pittsburgh, 492 cars; to Pittsburgh and rivers, 220 cars. East of Connelville, 240 cars, a gain of 27 cars over previous week. The syndicate markets 700 cars; outside producers 250 cars.

"Hilltop" very warmly protest against the plan of the Connelville Water Company to pump "filthy river water" into the town.

Completion of the railroad to Morgantown from Fairmont given rise to speculation concerning development of coke and coal near the former place. A large acreage of which is owned by Colonel Daniel R. Davidson's heirs.

A movement is on foot to consolidate the several coal companies in the vicinity of Berlin, Somerset county, and erect a large coke plant.

Captain E. Dunn in made district inspector of the C. & A. R.

Fitzburg parties prospect in Sticket Hollow for oil.

Colonel J. M. Schoonmaker and bride suit from New York for their honeymoon in Europe.

An abandoned house at Brookdale becomes the abode of a woman's school, the neighbors allege, and it is given a wide berth by travelers at night.

FRIDAY, MAY 15, 1909.
Detailed report of the coke trade for the week ending May 12, shows a total of 17,347 ovens in the region, of which 17,117 are in blast and 230 idle, with an estimated production of 117,100 tons.

Shipments for the week aggregated 8,470 cars, consigned as follows: To Pittsburgh, 2,200 cars; to points West, 5,990 cars; to points East, 481 cars, a decrease of 62 cars from the previous week.

The Cambria Iron Company is preparing to make a test of its first by-product, a new kind of iron.

J. P. Acheson is re-nominated for Congress on the first ballot at the meeting of conference in Pittsburgh.

John G. Douglas, the colored veteran and carrier and temperance lecturer of Connelville, now a resident of Akron, O., expects to land the nomination for president on the Prohibition ticket.

People of Connelville township petition to have road widened from the Rock to the borough line by extension of South Pittsburgh street. Viewers are appointed to report at June court.

C. D. Towler finds a petrified rat imbedded in the mortar of the foundation of an old house being torn down on Apple street by John D. Friebus.

This annual report of the postoffice shows receipts of \$8,464.00, indicating that a proportional increase will soon enable the town to free delivery.

Oregon
By GEORGE FITCH.
Author of "At Good Old Slaw."

Oregon has been a state for twenty years, but did not work seriously at it until a few years ago, when it began to have some, expeditious progress. At the same time, it is now a more commonwealth with a population in 1910 of 700,000 people, the initiative and referendum, the recall, three rival railroad systems, good road and water agencies, and many other features which make Oregon a business hours impossible within its borders.

Oregon has been known ever since Messrs. Lewis and Clark, the celebrated explorer's team, discovered it in 1792, but it took half a century to find out what it was. In 1840, Oregon was a raw and unknown interior with a rim of settled country around two sides. A railroad run along these two sides and allowed the 17,000 Oregonians a small commission on their products (the freight charges). About this time, however, it was discovered that by supplying an ordinary apple tree with an irrigation ditch, it could raise a maximum in an orchard and put much more during the spring season the famous Oregon apple could be produced.

The sylphs of an Oregon apple tree, deuced. Since this discovery, Oregon has grown rapidly in population and has happy agriculturists lowering red apples out of their pedicels and orchard trees with devices and shipping them east to sell in Wall Street at five cents a box.

Oregon still consists mostly of desert and forest, but it is rapidly being civilized by the sawmill and the irrigating ditch. It abuts California on the South and the Pacific Ocean on the West, and is successfully separated from Washington by the Columbia river, which is still a deeply impressive barrier. The fertile Oregon agriculture has brought more gold to Oregon than all the silver mines in the southern conifer.

Oregon has a large variety of climate, including perpetual snow on several extensive mountain peaks. The rainfall in the interior and perennial rain in the vicinity of Portland, where the climate is without a seasonal device. Oregon people are enterprising, sociable, and deeply interested in politics. Among the best features is the favorable Oregon atmosphere, having practically displaced baseball, while public officials are so deuced that if a legislator wishes to smoke a cigarette he does so behind the wood-cabinet where the stern eyes of the recall cannot see him.

Poultry.
DEVELOP YOUR CHICKS INTO healthy, husky pullets and cockerels. Use Pratt's Poultry Regulator. Kill lice, mites and insects of all kinds with Pratt's Powdered Lice Killer and Pratt's Disinfectant. All Pratt's Preparations guaranteed to satisfy or money refunded. J. T. McCormick, Philadelphia, Pa. April 25-26 May 10-12

Garden Planting Time

The warm sunshiny days suggest garden planting. Now is the time to prepare the garden and plant the seeds for your summer vegetables. One of the most important things in connection with a successful garden and profitable crop is the planting of reliable seeds—seeds that will grow, and grow true to name. The Union Supply Company stores sell only reliable seeds, from one of the oldest and most reliable seed growers in the country. We have sold these seeds for years and know that they are reliable. Do not experiment with unreliable firms; you cannot tell good seeds by looking at them, besides it is not necessary to experiment. Our long years of experience enables us to know what is the best, and we sell nothing that we cannot guarantee to be satisfactory. You can find in every Union Supply Company store a full line of all kinds of vegetable seeds, flower seeds, cabbage plants, tomato plants, etc.—everything needed for the lawn or garden. Plant only reliable seeds sold by all Union Supply Company stores.

Putting the "Win" in Window

A show window in itself is one arm of business getting.

Newspaper advertising is the strong, powerful body.

When the two are linked together they make a business team with a punch.

Merchants frequently effect this combination by linking their windows with the manufacturer's newspaper advertising.

They put the goods in the window at the time the manufacturer's newspaper advertising is running and thus bring business to their stores.

This is literally putting the "win" in window.

FRICK BROTHERHOOD WILL HOLD WELFARE MEET NEXT MONDAY

Mt. Pleasant Township Will
Graduate 55 on
Saturday.

COUPLE ELOPE TO CUMBERLAND

Memorial Hospital Alumni of Mount
Pleasant Will Be Entertained at
Home of Mrs. Edward Hiltner in
Honor of Miss Elizabeth Mistlebar.

MOUNT PLEASANT, May 10.—The Frick Welfare Brotherhood will hold their regular monthly meeting in the state armory on next Monday evening at 7:30 o'clock. There will be a demonstration of first aid by Southwest team, the champion first aid team of Western Pennsylvania. W. S. Stratton, northern division engineer, will speak on "Practical Mining Methods." H. G. Brown, superintendent of Central mine, will speak on "Safety First." John H. Elliott, assistant superintendent of schools of Westmoreland county, will speak on "Cooperation." At this meeting officers will be nominated for the coming six months and captains for membership campaigns will be chosen.

On next Saturday afternoon at 2 o'clock there will be a class of 55 graduates from the grades in Mount Pleasant township high school. Eight orations, addresses and essays will be given.

Mrs. Edward Hiltner of 825 Morris avenue, Connelville, has invitations out for the entertaining of the Memorial Hospital Alumni of Mount Pleasant at her home in honor of Miss Elizabeth Mistlebar, a member of the alumni.

A large crowd attended the piano-forte recital given at the Institute last evening by Misses Marie Jackson and Sara Hiltner, assisted by Andrew Swartz, the violinist.

James A. Cowan, Jr., a graduate of the Mount Pleasant high school, has been elected vice president of the academic school of the University of Virginia.

The percentage of attendance for the eighth month at the Bunker Hill school was 99.5. Frank Stevens, Edwin Swink, Lloyd Schachte and Paul Bittner have not missed a day this term.

Mr. and Mrs. Glenn F. Gribble spent the day as guests of friends and relatives. Mrs. Rebecca Roderick, who has been the guest of friends and relatives there for a month, returned home with the Gribbles.

Mr. and Mrs. Omer Roderick went to Connelville and attended the farewell banquet of the McKinley Lodge, Independent Order of Odd Fellows.

Rev. H. D. Whitfield and W. J. McMichael of Greensburg, were visiting friends here.

Rev. A. P. Kelso of the Middle Presbyterian Church, will preach at the United Presbyterian Church this evening for Rev. W. T. Lytle, a sermon preparatory to communion.

The Men's Bible class of the Methodist Episcopal Church held their regular monthly meeting last evening and after discussing the new order of services very nice refreshments were served.

The Church of God will observe Mother's Day at their church on Sunday.

Edward Hiltner and Bertha Matthews, both of First street, this place, eloped to Cumberland and were married yesterday.

THIN FOLKS WHO WANT TO GET FAT

Increase in Weight Ten Pounds or More.

"I'd certainly give most anything to be able to eat up a few pounds and stay that way," declares every excessively thin man or woman. Such a result is not impossible, despite past failures. Most thin people are victims of mal-nutrition, a condition which prevents the fatty elements of food from being taken up by the blood as they are when the power of nutrition is normal. Instead of getting into the blood, much of the fat and flesh producing elements stay in the intestines until they pass from the body as waste.

To correct this condition and to produce a healthy, normal, amount of fat, the nutritive processes must be artificially supplied with the power which nature has denied them. This can probably best be accomplished by eating a Sargol tablet with every meal. Sargol is a careful combination of six splendid assimilative agents. Taken with meals they mix with the food to turn the sugars and starches of what you have eaten into rich, ripe nourishment for the tissues and blood and its rapid effect has been in many cases reported remarkable. Reported gains of from ten to twenty-five pounds in a single month are by no means infrequent. Yet its action is perfectly natural and absolutely harmless. Sargol is sold by all leading druggists everywhere and every package contains a guarantee of weight increase or money back.

NOTE.—Sargol is recommended only as a flesh builder and while excellent results in cases of nervous indigestion, etc., have been reported, care should be taken about using it unless a gain of weight is desired.—Adv.

CELEBRATES 93RD BIRTHDAY

Dr. John S. Van Voorhis of Bellefonte, Pa., has celebrated his 93rd birthday yesterday.

Dr. Van Voorhis, who has written numerous historical articles about the Monongahela valley and many medical tracts, is the oldest alumnus of Washington College and the only member of his class living.

The Living Voice

THE exclusive processes controlled by the Columbia recording laboratories give you the only true, vivid, full, actually living reproduction of some of the greatest voices in the world.

You hear Fremstad, Garden, Matzenauer, Nielsen, Constantino, Slezak, Mardones, Zenatello, Seagle, Graveure and a score of other great singers themselves in their Columbia Double-Disc Records—their voice, their genius, their very personality. You'll recognize the singers as surely as though they stood before you in person in these splendid reproductions of the living voice.

A5766, 12 in. \$1.50—"Lead Kindly Light," and "Nearer My God To Thee," Oscar Seagle, Baritone.

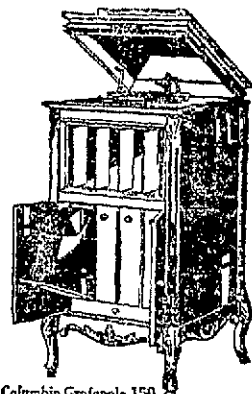

A5767, 12 in. \$1.00—"Once Again" and "Roses," Morgan Kingston, Tenor.

A5793, 12 in. \$1.50—"My Dreams" and "Mary," Louis Graveure, Baritone.

Listen to any one of these records on the Columbia Grafonola, and you'll almost feel convinced that it isn't a record, but pure reality.

And the Columbia Grafonola—"The One Incomparable Instrument of Music"—is the one instrument that can do it. That's a tested fact—but test it for yourself. See your Columbia dealer to-day.

New Columbia Records on sale the 26th of every month.

DAWSON.

DAWSON, May 10.—Mrs. John Moore, who has been visiting at the home of Mrs. Kate Moore, has returned to her home in Pittsburg.

L. S. Mullinger is looking after some business interests in Pittsburg today.

A strong independent baseball team is to be organized here the coming week. The pick of Dawson, Dickerson Run and Vanderbilt talent will make up the club. A meeting will be called for the purpose of electing a manager and other officers. All baseball fans who are interested, watch "The Courier" for further announcement in regard to time and place of meeting.

Allen Strawn of Brownsville, spent Sunday with his parents, Mr. and Mrs. M. E. Strawn.

Mrs. Charles H. Painter and daughter Edythe were recent Unifontown callers.

Mrs. E. K. Cochran spent Saturday in Connelville.

Mrs. Anna Gibson has returned home from Tarentum, where she taught school during the past term. Miss Martha Gallagher has returned to her home in Lower Tyrone, after a week's visit with her friend, Miss Lou Fairchild.

Mrs. Harry Cochran spent Sunday at the home of her parents, Mr. and Mrs. John McFarland of Connelville.

Health for Sick Women

For Forty Years Lydia E. Pinkham's
Vegetable Compound Has Been
Woman's Most Reliable Medicine
—Here is More Proof.

To women who are suffering from some form of woman's special ills, and have a constant fear of breaking down, the three following letters ought to bring hope:—

North Cranston, Wis.—"When I was 16 years old I got married and at 18 years I gave birth to twins and it left me with very poor health. I could not walk across the floor without having to sit down to rest and it was hard for me to keep about and do my work. I went to a doctor and he told me I had a displacement and ulcers, and would have to have an operation. This frightened me so much that I did not know what to do. Having heard of Lydia E. Pinkham's Vegetable Compound I thought I would give it a trial and it made me as well as ever. I cannot say enough in favor of the Pinkham remedies."—Mrs. Mary Asarco, North Cranston, Wis.

Testimony from Oklahoma.

Lawton, Okla.—"When I began to take Lydia E. Pinkham's Vegetable Compound I seemed to be good for nothing. I tired easily and had headaches much of the time and was irregular. I took it again before my little child was born and it did me a wonderful amount of good at that time. I never fail to recommend Lydia E. Pinkham's Vegetable Compound to ailing women because it has done so much for me."—Mrs. A. L. McCasland, 509 Hlave St., Lawton, Okla.

From a Grateful Massachusetts Woman.

Roxbury, Mass.—"I was suffering from inflammation and was examined by a physician who found that my trouble was caused by a displacement. My symptoms were bearing down pains, backache, and sluggish liver. I tried several kinds of medicine; then I was asked to try Lydia E. Pinkham's Vegetable Compound. It has cured me and I am pleased to be in my usual good health by using it and highly recommend it."—Mrs. B. M. Osgood, 1 Haynes Park, Roxbury, Mass.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

OLD LEAGUE HAS INFIELD STARS

National League Shortstops Excel Those in the American.

GROH IS BEST AT THIRD.

Barber of Boston and Foster of Washington Are Only Men Who Compare With Cincinnati's Guardian of Last Station.

Looking over the list of shortstops who are playing regularly in the major league circuits this year, it appears that the National League excels the American league in this respect. In Governor Tenen's organization, the Chicago Cubs seem to be unusually weak in this position, as Mike Doohan, a veteran in the service, generally is regarded as a back number. In fact, Manager Fletcher is trying to find another good man for the place. But the other National league shortstops possess sterling quality.

Dave Bancroft of the Phillies made no small progress last year, his first in that company, that many baseball fans ranked him on even terms with Rabbit Maraville of the Boston Braves, who was the leader in 1914. Marv of the Reds, another brilliant player, is not far behind Bancroft and Maraville, while old Ibanez Wagner of the Pirates still can cover short field with plenty of pluck.

Plutarch of the Giants and O'Rourke of the Brooklyn are somewhat erratic at times, but they are the best men available, while Roy Corham of the St. Louis Cardinals is expected to shine in his position as the season goes on. He came from the coast with a fine record.

Heinz Groh of the Cincinnati Reds stands at the head when comparing the third basemen in the big leagues. Groh not only can pick the ball, but also can handle all kinds of hot shots. He is a great thrower and is as fast as a bullet. Larry Gardner of the Boston Red Sox is Groh's most formidable rival, with Foster of the Washingtons and Zimmerman of the Chicago Cubs rating high in the list.

Weaver of the Chicago White Sox, who is covering third base for the first time in the American league this year, ought to make a splendid record, as he is a first class thrower and covers plenty of ground. Red Smith of the Boston Braves is not far behind and is a better fielder than Home Run Baker of the New York Yankees.

Vit of the Detroit Tigers might be ranked ahead of Smith, with Austin of the St. Louis Browns about in a class with McKeech of the Giants. Stock of the Phillies, Getz of the Brooklyn, Beck of the Cardinals and Baird of the Pirates. Howard of the Cleveland is an ordinary fielder, and Pick of the Athletics is a minor league candidate for major league honors.

AUTO SEASON OPENS MAY 13.

Eastern Campaign at Sheepshead Bay Track Starts on This Date.

The eastern automobile racing season for 1916 will be officially opened on May 13, when the contest for the Metropolitan cup, heralded by motor enthusiasts as the great event of the year, will be held at the new Sheepshead Bay speedway, New York. In addition to the contest for the Metropolitan trophy there will be other races—for the Queens County cup, the Coney Island cup and the William Kemble cup. Twenty thousand dollars in cash prizes will be offered.

Many hotel drivers from the Pacific coast will come east with the assurance of a long season's campaign.

A probable added feature of the first day's racing will be an attempt by Jimmy O'Dell to negotiate the speedway circuit in a minute or better. In a letter to Fred Wagner O'Dell of the two mile track within the limits. The contest for the Metropolitan cup will mark an innovation in automobile racing, in that the distance of the race will be only 100 miles. The distances of the other contests will be as follows: Queens County cup, fifty miles; Coney Island cup, twenty miles, and the William Kemble cup, ten miles. Thus the public demand for short races, with multiple action, will be met.

The American Automobile association, it also was announced, has definitely decided to inaugurate, with the holding of the Metropolitan cup race, its proposed plan to keep an official record of points scored by all drivers. This is not only decided to eliminate interest throughout the country in motor racing, but is calculated to establish it as a permanent sport. The records will be kept on the same basis as the official ratings of the baseball stars, so that the organized bodies interested

in automobilism, in any part of the country may turn at any time to some recognized authority to ascertain the official standing of any driver.

RUCKER POSSESSES A NOODLE

With Arm "Dead," Brooklyn Pitcher Continues to Win Games.

Alpharetta is a very small dot on the map of Georgia about twenty-seven miles up along from Atlanta, but it is a place of great historic association. It was there, as any citizen of Alpharetta can tell you, that George Napoleon Rucker first saw the light of day back in 1855, and it was on the Alpharetta hills that the great southerner of the Yankees first won applause as a savior. Little did they think, those Alpharetta citizens who cheered the red haired, barefooted, freckled kid as he pitched the village into victory, that they would some day be smoking cigars and chewing plug tobacco named in his honor.

Napoleon Rucker started his tenth season in the Brooklyn uniform this season. Ten years ago Pat Donovan, the leader of the tribe of Ithobets, sent his Georgia discovery into the box against the Boston club. Nap was victoriously "discovered" when he went out there before all those cheering fans, and in the second inning he made two wild throws, a couple of wild pitches, passed a ball and let a Boston base runner steal home while he held the peller in

INSIDE BASEBALL EXPLAINED.

Bresnahan Says It Is Fast Thinking.

Presumptuous Enjoins, Adds Roger. It may sound extravagant, a declaration that inside baseball is a joke, but that's what Roger Bresnahan, now minor league manager and manager of the Toledo American association club, contends. And Roger's word bears long.

The Duke's argument is that quick thinking by three or four smart ball players in the pincches is the basis of inside baseball. Roger, as has often been said, agrees that the inside stuff originated with the old Baltimore Oriole club.

That crew, of which Bresnahan was a member, used to score the mental feats, but, according to Roger, everything was accomplished without the aid of signs. It was all purely think stuff. The athletes knew each other's style, and they worked together. They were quick witted and rarely missed an opportunity to provide a little help when needed.

Bresnahan doesn't believe that a manager should do all the thinking for his players. He gives them credit for

knowing something. And he wants them to use their think tanks on every play.

Intelligence is inside play, argues the Duke. He isn't a bit cranky on errors, but he's certainly a grouch on mental blots. And we don't blame him, for between ourselves the club that pulls the fewest homers is the one that wins the most games.

STORY OF A LAWSUIT.

Queer Way in Which an Umbrella Case Was Decided in Poland.

The Central Law Journal says that the old fable of the lawyers and the oyster, in which, the ownership of an oyster being contested, the lawyers ate the oyster and gave a shell to each of the litigants, is matched by a story of a lawsuit which a Russian journal relates as entirely authentic.

In a city of Poland, it appears, two men came into court with a suit over the ownership of an umbrella which had been left in a restaurant. Each one introduced evidence to prove that the umbrella was his. Being unable to match the wisdom of Solomon by dividing the umbrella between them, the judge postponed the case. Pending its decision the umbrella was left in the judge's private room.

Later, as he left the court to go home, the judge found that the weather was rainy. He went back to his room, took the umbrella, which was in litigation and spread it over his head in the street. On his way home he went into a restaurant and left the umbrella on the rack, and when he was ready to leave the place he found that it had been taken away by some unknown customer. Then he bought another umbrella and took it to his courtroom.

When the case came up the litigants were confronted with it, and neither was able to identify it as his own. The court thereupon fined them both for leaving the law on a frivolous pretext, and they departed empty handed and decidedly "nonplussed."

THE IDEAL CITY.

A Vision of What May Perhaps Come to Pass in the Future.

A city, sanitary, convenient, substantial; where the houses of the rich and the poor are alike comfortable and beautiful; where the streets are clean and the sky line is clear as country air; where the architectural excellence of its buildings adds beauty and dignity to its streets; where parks and playgrounds are within the reach of every child; where living is pleasant, toll honorable and recreation plentiful; where capital is respected, but not worshiped; where commerce is good, but not greater than the interchange of ideas; where industry thrives and brings prosperity alike to employer and employed; where education and art have a place in every home; where worth and not wealth alone stands for men; where the power of character lifts men to leadership; where interest in public affairs is a test of citizenship and devotion to the public weal is a badge of honor; where government is always honest and efficient and the principles of democracy find their fullest and truest expression; where the people of all the earth can come and be blended into one community and where each generation will vie with the past to transmit to the next a city greater, better and more beautiful than the last—Mayor Foster, Secretary of the Civic League of Cleveland, O., in New York Independent.

DELUDES ITS ENEMIES.

Cunning of the Castor Oil Plant in Dressing them up to look like food.

Dressing them up to look like food. Dressed in this way, the plant protects its children from hungry birds. If it were not for their disguise the children might be eaten and never have a chance to grow and become big plants. The wise mother plant realizes this, hence the masquerade. It's the castor oil plant.

To the average person anything relating to castor oil is not regarded as much of a delicacy. Birds, however, think otherwise. The seeds of the plant are like candy to them.

So the mother plant schemes to protect them. When she sends them out into the world she clothes them in variegated and fantastic dress until the seeds resemble coccinella beetles.

Now, if there is anything birds dislike more than anything else it is a coccinella beetle. As a result they take a very nice view when they see the castor oil beans and pass them by.

These seeds are oval and about a half inch long. They grow in spongy capsules, three seeds in each capsule. To show that the castor oil plant is no newcomer on the earth, archeologists write of finding seeds in tombs of ancient Egyptians—Philadelphia North American.

Caramon Must Know How to Swim. Coach Guy Nickalls will require all Yale rowing candidates to learn how to swim. Nickalls will use English oars in his shells this year.

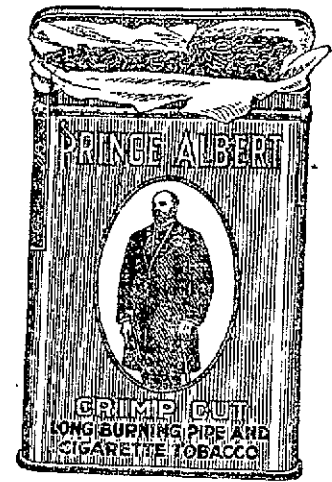

Your Money Buys Quality!

Coupons or premiums have never been used as an inducement to smoke Prince Albert!

The correctness of our belief that smokers do prefer quality rather than premiums or coupons is proven by the enthusiasm with which Prince Albert pipe and cigarette tobacco has been received throughout the civilized world! Premiums or coupons have never been offered as an inducement to smoke it!

Neither national nor state restrictions on the use of premiums or coupons can in any way affect Prince Albert's sale!

It is not to be wondered at that when smokers consider a choice of tobaccos, their tastes—based on quality—instantly turn them to

PRINCE ALBERT

the national joy smoke

Prince Albert is sold strictly on merit. It is a tobacco of choice quality, and made by an exclusive patented process that does cut out bite and parch! It took three years and a fortune to perfect that process so that today every man with a desire to smoke a pipe or roll his own cigarettes can do so without a comeback, no matter how tender his tongue or throat may be!

Your taste and satisfaction is proof that Prince Albert quality is more desirable than coupons or premiums.

You buy Prince Albert everywhere tobacco is sold, in tippy red bags, 5c; tidy red tins, 10c; handsome pound and half-pound tin humidors, and in that fine crystal-glass humidor with sponge-moistener top that keeps the tobacco in such perfect condition.

R. J. REYNOLDS TOBACCO COMPANY, Winston-Salem, N. C.

HERE'S A LONG DISTANCE \$WAT.

"Hub" Perdue Made One Two Base Hit in Eleven Years.

"Hub" Perdue once made a two base hit. It happened eleven years ago. The amazing discovery was made by one of our southern contemporaries.

There are thousands and thousands and millions of persons who are of the opinion that the one time Brave and Cardinal pitcher never even made a single.

But facts are facts. One must give the de— that is, "Hub"—credit. It when he's got it coming to him.

In May, 1905, "Hub" was with the Hopkinsville (Ky.) team in the "Kitty" league. It played "Vicennes. Along about the fifth inning "Hub's" turn came to bat.

He closed his eyes, swung—and a crash was heard. "Hub" opened his peepers, saw the ball shooting on a line for the fence and ran—as far as second base.

If "Hub" hadn't been so over-come with surprise by his feat he could have made three bases and probably a home run on it," says the historian.

EDDIE WIMLER TO GO FORTY ROUNDS IN THREE NIGHTS

Will Fight Two Ten Round Bouts and One of 20 Rounds This Week.

WILL MEET THREE FAST MEN

Brannigan at Beaver Falls Tonight; Kegg at Johnstown Friday, and 20 Rounds With George Chaney of Baltimore Saturday; Home Next Week.

Eddie Wimler, the West Side featherweight, has a busy two weeks ahead of him beginning this evening, when he will go ten rounds with his old rival, Patsy Brannigan at Beaver Falls. On Friday evening another ten round match is staged at Johnstown and then he will go to Baltimore for a 20 round bout.

Wimler left here Sunday evening for Beaver Falls so that he will be in the best of condition for the fight there tonight. He and Brannigan are enemies of old and neither has ever yet been able to defeat the other decisively. Both have been in the best of training for the fight, and Wimler especially, he getting into the best of condition for the bout with road work. Their men are well known at Beaver Falls where each has fought before but they have never met at that place. After fighting Brannigan, Wimler will leave immediately for Johnstown where he will spend Thursday and Friday. On Friday evening he will meet George Kegg, the Johnstown featherweight. The Wimler-Kegg bout is the main-draw of a big boxing card at that place.

On the next evening, Saturday, Wimler goes to Baltimore where the biggest fight of his entire trip will be fought. At that place he will meet George Chaney, a featherweight who is high up in the boxing game. The fight will go for 20 rounds, the longest bout Wimler has fought for a long time. It will probably result in a knockout by one of the men. In his present condition Wimler should go the 20 rounds and push the fighting without trouble. With the three bouts, Wimler will have 10 rounds of fighting in four nights.

After fighting in Baltimore, he will leave for Buffalo, New York, where he will probably make his home for the next year. Wimler will fight at that place next week. He has signed a contract for a year at that place, which takes effect July 1. The provisions of the contract require that he fight in that city from July 1, 1916, until July 1, 1917. As he cannot very well fight there, there between this place and Buffalo and keep in condition, Wimler is likely to move to that place soon after his contract becomes effective.

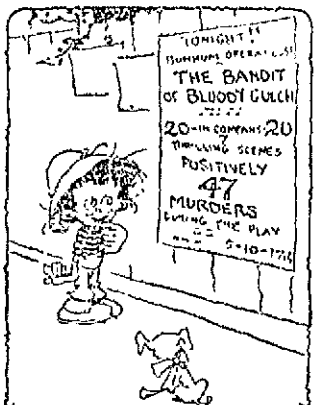

He will return home some time during next week. In Buffalo Wimler will be the main attraction at shows which draw crowds of from 3,000 and 1,000 men.

VANDERBILT WINS.

Vanderbilt Gets 16 Strikings and Holds Team Down.

The Vanderbilt baseball team won the first game of their season from South Connellsville last evening on the grounds at South Connellsville by a score of 8-2. The feature of the game was a home run by Clawson, catcher for the South Connellsville nine. Vanderbilt had 10 strikeouts.

The score by innings follows: Vanderbilt.....3 0 0 3 2 0 0-8 S. Connellsville.....1 0 0 1 0 0-2 Batteries—For South Connellsville, Durbin and Clawson; for Vanderbilt, Vandust and Herbert.

MANY TIMES TO DIE.

"When some of them poor actors get to get murdered two or three places!"

FIELDER WILL NAME WILSON AT ST. LOUIS

GOVERNOR FIELDER

Following the usual practice of having a man from a candidate's own state make the speech, nominating him, Governor James P. Fielder of New Jersey will have the honor of naming President Woodrow Wilson on behalf of his home state for a second term at the Democratic national convention at St. Louis. This was agreed upon by the national delegates who met in Trenton. Attorney General Woodrow Wilson of New Jersey named the President for his first term.

WATERWAGON CARAVAN

Five Hundred Automobiles to Anti-Saloon League Convention.
WESTERVILLE, O., May 10.—A waterwagon caravan of 500 or more automobiles, to go from Chicago to Indianapolis for the national convention of the Anti-Saloon League of America, is planned by P. Scott McBride, superintendent of the Illinois league.

The convention is to be held June 25-29 in Tomlinson Hall.

INDIAN CREEK.

INDIAN CREEK, May 10.—W. M. Prinkey was a business caller here today.

Jacob Dull is off duty for a few days. He left for Pittsburgh last evening to bring his new Saxon Six overland to Jones Mill.

Joseph Felaky of Youngwood, spent a few days at his farm near Still Run.

S. M. Hutchison of Mill Run, is a business caller at Connellsville today.

W. J. McFarland of Indian Head, is transacting business in Connellsville today.

J. M. Hill purchased a fine young horse from Jonathan Hart.

Miss Frances Kern from Connellsville, is spending a few days here with friends.

William Hears of Jones Mill, is acting as passenger brakeman and bag-

FREE

While the Supply Lasts

A GENUINE Leather Bill Fold with Clasp

To Each Purchaser of 10c Worth of TUXEDO Tobacco

Made of genuine, fine, soft, close-folding leather, this is the snuggest fitting, most convenient bill fold ever tucked into a man's pocket or a lady's shopping bag. This is the famous "Titewad" bill fold, millions of which have been sold all over the country.

Tuxedo

The Perfect Tobacco for Pipe and Cigarette

This unusual Free Offer is made solely because we believe TUXEDO will become your permanent smoke after a trial.

Every man can smoke and enjoy TUXEDO because it is unquestionably the mildest, coolest, most delightful tobacco in the world. TUXEDO cannot bite or sting.

The original "Tuxedo Process" of treating the ripest, mellowest leaves of high-grade Kentucky Burley tobacco prevents tongue bite and develops fragrance and flavor as they have never been developed in any other brand.

TUXEDO is different from other tobaccos—and better. A trial will make this absolutely plain to you.

FREE

Take advantage of this Free Offer today and avoid disappointment. Dealers have only a limited supply of these Bill Folds and cannot get more. Look for Free Offer sign on a dealer's window—get 10c worth of Tuxedo and ask for a "Titewad" Bill Fold, FREE.

THE AMERICAN TOBACCO COMPANY

YOU CAN BUY TUXEDO EVERYWHERE

Convenient pouch, innerlined with moisture-proof paper... 5c

Famous green tin, with gold lettering, curved to fit pocket... 10c

In Tin Humidors, 40c and 80c
In Glass Humidors, 50c and 90c

Special Notice to Retailers: We want every dealer in Connellsville to be supplied with these "Titewad" Bill Folds. All dealers who have not yet secured a supply of these Bill Folds can do so by applying at TUXEDO Headquarters, J. H. Marcus, Yough House, between 4 and 5 P. M. today.

gaineaster on the Indian Creek Valley cannon ball train.

Miss Jean Hing returned home today after a few weeks' visit among Connellsville friends.

Walter Stauffer of Scotland, was transacting business here this morning. H. L. Fisher accompanied him to points along the valley, where the McFarland interests are held.

ROCKWOOD.

ROCKWOOD, May 10.—J. D. Snyder, C. J. Hemminger and J. R. Shantz of Rockwood have departed for Harrisburg where they will be present at a hearing before the Public Service Commission today when the Baltimore & Ohio railroad will ask for the priv-

ilege of erecting a new bridge over Cox's Creek where it empties into the Casselman river at Rockwood.

The State Line Coal Company has begun the digging of a shaft on the H. Snyder farm west of Rockwood for the purpose of opening and operating another seam of coal. The shaft will be about 40 feet deep and will be completed within the next 10 days.

J. R. Souser spent Tuesday on business at the county seat.

Ray Parsons of Smithfield was the guest of Rockwood friends the first of the week.

Miss Caroline Schmittle departed Monday for Frugally, Pa., where she will attend the graduating exercises

at which one of her friends graduated. She will spend several days visiting relatives in Cambria county before returning home.

A Symbol of Health.
The Hygienians of Ancient Greece ate simple food, practiced temperance and purity. As a badge they used the five pointed star which they regarded as a symbol of health. A red five pointed star appears on each package of Chamberlain's Tablets, and still fulfills its ancient mission as a symbol of health. If you are troubled with indigestion, biliousness or congestion, get a package of these tablets from your druggist. You will be surprised at the quick relief which they afford. Obtainable everywhere.—Adv.

Money to Loan

ORGANIZATION, COOPERATION AND MORE LIBERAL LAWS

Are Needed to Develop Foreign Business for Americans.

GERMAN AND BRITISH METHODS

Have Built Up Great Combinations of Manufacturing, Selling, Transportation and Banking Interests by Which Producers Reach the Markets.

WASHINGTON, May 10.—British coal maintains its grip on the rich South American market because of powerful organizations for developing this foreign trade. One half of the \$150,000,000 worth of coal and coke which was exported annually from Germany before the war was sold by one central selling agency, maintained by a syndicate of which the Prussian government mines were members. These and similar advantages for foreign trade which other governments encourage, while fear as to legal restrictions has prevented Americans from developing equally effective organizations for overseas business, are the facts revealed by a report to Congress and made public by the Federal Trade Commission.

Other nations enjoy marked advantages in foreign trade because of superior facilities and more effective organizations, while the foreign trade of American manufacturers and producers, particularly that of the smaller concerns, suffers because of doubt as to what would be allowed in the way of organization necessary to go after the big foreign trade. The commission recommends the immediate clarification of the law so as to permit co-operation among Americans for export trade. Foreign nations have built up their ocean shipping, granted low railway rates and have combined their land and ocean transportation facilities so as to give their shippers access to overseas markets. These nations have also established connections with banking houses in every land and have entered the world with foreign trade banks of their own.

In addition to the assistance given in marketing German coal abroad through the combination of business interests formed for that purpose, it is pointed out in the report that in Germany before the war practically all the rapidly increasing and highly valuable iron and steel export business was handled by a single selling agency, the aggressive union of German iron and steel manufacturers which actively fostered foreign business through export bounties and other means. It is shown that in other countries similar organizations exist for the purpose of aiding producers to market their goods abroad.

British manufacturers, says the report, have relied more fully upon an unusually effective merchandising organization for foreign trade, long established in foreign markets and giving British products a superior representation there, but in various important industries they have gone much further. Thus, most of the great coal export business is done by powerful organizations, combining mine operators, marketing companies, shipping lines and foreign distributing companies. This gives British coal its grip on the rich South American market. British cement manufacturers are united in a strong and successful union for the extension of their overseas trade. In the electrical cotton textile, pottery, tobacco, wall paper, iron and steel and various other industries strong associations and combinations are important factors in foreign and domestic commerce.

It is against such combinations as these, combining united and powerful groups of foreign exporters, backed by great banks, aided by railway and shipping lines and vigorously assisted by foreign governments, that hundreds of comparatively small American manufacturers and producers must compete for trade abroad. In various manufacturing industries, the lack of raw materials, higher manufacturing costs and stiffer handicaps make it difficult at best, the report adds, for Americans to compete with foreigners.

A Prescription That From Girlhood to Old Age Has Been a Blessing to Womanhood.

Johnstown, Pa.—"I can speak highly of Dr. Pierce's Favorite Prescription. It has been used by myself and one other member of our family. We have always found it just what we needed and perfectly satisfactory. We have also used Dr. Pierce's Pleasant Pellets. They are a reliable medicine."—Mrs. J. J. Hays, 208 Hayes Street, Johnstown.

When a girl becomes a woman, when a woman becomes a mother, when a woman passes through the changes of middle life, are the three periods of life when health is most needed. It is most needed to withstand the pain and distress often caused by severe organic disturbances.

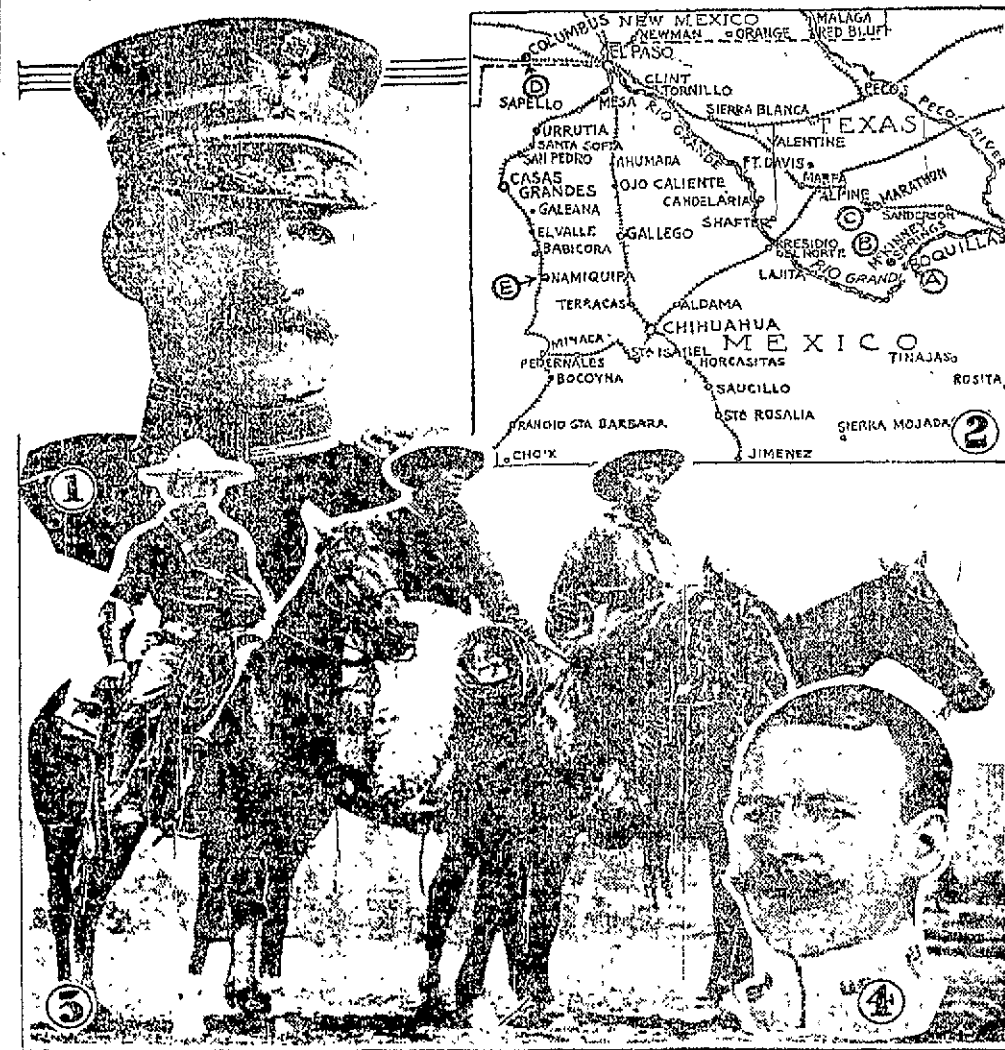

As these critical times women are best fortified by the use of Dr. Pierce's Favorite Prescription, an old remedy of proved worth that keeps the entire female system perfectly regulated and in excellent condition.

If you are a sufferer, if your daughter, mother, sister or friend is a sufferer, Dr. Pierce's Favorite Prescription in liquid or tablet form is an invaluable remedy. Then address Dr. J. C. Pierce, Invalids' Hotel, Buffalo, N. Y., and get confidential medical advice entirely free. You can also obtain a free book on women's diseases.

Dr. Pierce's Pills regulate and invigorate stomach, liver and bowels.

Dr. Pierce's Common Sense Medical Advice—a great doctor book—a family book of over 1000 pages, cloth bound—answers many important questions regarding sickness. Your free copy will be sent on receipt of three dried (or 20 one-cent stamps) to pay wrapping and mailing charges from Dr. Pierce, Invalids' Hotel, No. 605 Main Street, Buffalo, N. Y.

New Raid on Texas Towns Brings Prompt Action; Prominent Officers Sent

As soon as he received official reports of the new raid on Texas towns by Mexican bandits General Pershing ordered two troops of the Fourteenth Cavalry to leave Fort Clark, Texas, northeast of Alpine, for the scene of the raid. Colonel Frederick W. Sibbey of the Fourteenth Cavalry was placed in charge of these cavalrymen. Two troops of the Eighth Cavalry were ordered from Fort Bliss, near El Paso, Texas, to entrain for Marathon, a town a short distance beyond Alpine, and they left in a special train. They were under command of Major George

T. Langhorne. Meanwhile records had been broken in loading cavalry horses and packing field equipment. Governor J. E. Ferguson of Texas also ordered a detachment of state rangers to proceed to Glen Springs and act as scouts for the American troops. Captain Monroe Fox is in command of these rangers.

No. 1 in the picture is Colonel Sibbey; No. 2, map of the newly disturbed region, No. 3, Texas rangers; No. 4, Major Langhorne. Colonel Sibbey and Major Langhorne are well known army officers, the former having been com-

mandant of cadets at West Point and the latter until recently military attaché at Berlin. In the map A shows the route of the Mexican bandits across the Rio Grande. B, McKinley Springs district, center of the raid; C, Marathon, Tex., eighty-five miles from the border and to which the bodies of the dead were transported; D, Columbus, N. M., scene of the former raid, which resulted in United States troops crossing into Mexico; E, Nacama, a most southerly point in Mexico reached by United States forces pursuing Villa.

for trade abroad; and this with other advantages enjoyed by the foreign producers and manufacturers puts the American dealers at a decided disadvantage.

As to coal it is stated that combinations of British coal brokers fix the contract price for bunkering ships at Newport News. Such combinations constantly make individual American producers bid against each other. By such tactics the present contract price for bunkering ships in Hampton Roads has been fixed at 5 to 7 cents per ton below the domestic price. By similar means and the manipulation of the foreign future markets, the German metal buying combination over a series of years has bought millions of tons of American copper at prices averaging nearly a cent a pound below the prices paid by American consumers. Earnest thought should be given, the report recommends, to measures for the improvement of this country's foreign business.

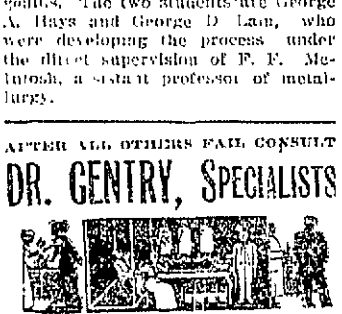

VALUABLE ALLOYS CAN BE RECOVERED FROM SLAG

Carnegie Institute Students Develop Methods of Extracting Ferro-Manganese and Silicon.

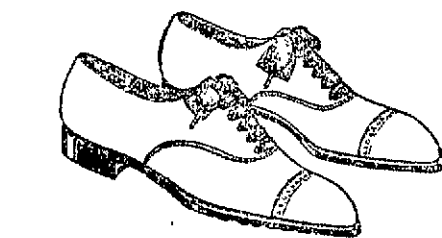

The reclamation of ferro-alloys of manganese and silicon from bessemer and open hearth furnace slag by a profitable process is reported to have resulted from research work at present carried on by two undergraduate students of the Carnegie Institute of Technology, Pittsburgh. The slag which has hitherto been relegated to dumps in many cases, and used in various ways—crushed, as the ballast of railroad tracks, and granulated, in the manufacture of Portland cement—now comes into entrance as a valuable by-product. An electric furnace has been developed whereby the high priced ferro-manganese and ferro-silicon can be extracted from the slag at a reasonable cost.

After the first of the year, when the stocks of ferro-manganese in Germany were believed to have been exhausted and no more ore was likely to be imported, much speculation was encountered as to the course Germany would take in employing a substitute. Now it is generally considered that the huge slag piles in the vicinity of Westphalia are being worked to give up their contents of manganese. The resources for the process discovered by the two students may have been contemporary with the German researches, and in all probability the credit for the work in this country is due to the American students. The two students are George A. Hays and George D. Lane, who are developing the process under the direct supervision of P. F. Metcalf, a student professor of metallurgy.

Silk Active Buyers of Steel and Its Products in America.

The Italian government has come into the market for large tonnages of sheet bars, billets, blooms and slabs and other semi-finished steel. Inquiries are also asked on 4,000 cars and for a number of locomotives. The French government has placed an additional order for 500 box cars, with American builders. French government agents are also on the point of closing for 1,800 additional four wheel cars.

Influence of Women. "Women are a wonderful influence in the lives of most great men," says the Washington Post, and upon women rests the responsibility for family health. To her they look for help in times of sickness, and the attention of every wife and mother in this vicinity is called to the rare combination of the three oldest tonic known, which the Langhorne Drug Co. guarantees in Vinol—iron for the blood, beef poptone for strength, and the body-building, medicinal properties of cod livers. It will pay overworked, weak, run-down people, delicate children and feeble old people to try it.—Adv.

BRUSH TEETH CORRECTLY

The right way to brush the teeth is to hold the bristles upright. In this way the crevices, as well as the surfaces are thoroughly cleaned, provided a few drops of hycolrite or a glass of water are used. Particles of food which invite germs and microbes get into the tiny crevices. Hycolrite reaches every crevice, kills the germs and cleans the mouth and breath sweet and clean. You surely must use hycolrite and avoid decay of teeth. Rinse and gargle with this very satisfying and effective mouth wash and you will escape throat troubles and other germ diseases. Dentists are urging the use of hycolrite because it is such a pure, safe and remarkably effective antiseptic. It cools and soothes, cleanses and heals and is very economical. Hycolrite can be obtained from any druggist. General Laboratories, Madison, Wis.

SCOTSDALE POLICE AND PATROLMEN GET SALARIES RAISED

Borough Solicitor and Secretary Also Come In for Increase.

NEW COMMITTEES APPOINTED

At Council Meeting Last Evening Millage Is Raised One and a Half Mills to Overcome 15 Per Cent Decrease in Valuation: Auto Accident.

Special to The Courier.
SCOTSDALE, May 10.—Council held a continued meeting last evening and owing to some new members being taken in since the first of the year, President Butler reorganized his committee as follows: Finance, J. C. Thustman, J. E. Hardy, R. P. Percy; street, A. G. Collins, J. E. Thustman, J. W. Rutherford; police, Ralph Stoner, J. P. Hardy, R. P. Percy; fire and water, H. G. Martz, J. E. Thustman, R. P. Percy; light, John Galt, J. W. Rutherford, F. W. Moorehead; sewer, J. P. Hardy, Frank Horne, C. W. Cunningham; ordinance, C. W. Cunningham, H. G. Martz, J. E. Thustman; public buildings, J. W. Rutherford, A. G. Collins, C. W. Cunningham; sanitation and garbage, Frank Horne, F. W. Moorehead, John Galt.

The finance committee recommended 8 mills for the general fund, 1 1/2 mills for the sinking fund, 1 mill for the water fund and 1 mill for the paving fund, making a total of 1 1/2 mills, a mill and half more than last year, and explained that the valuation had decreased 15% and this raised the millage 1 1/2 mills. An ordinance was adopted setting the millage for the coming year at this amount.

The salary of the chief of police was raised from \$75 to \$85, the patrolmen from \$70 to \$80, and that of the secretary and borough solicitor and janitor each five dollars more a month.

Secretary Dalton of the Y. M. C. A. was present and asked for a donation toward the playground and this matter was laid on the table.

W. C. T. U. ENTERTAINED.

Mrs. John Battenfield entertained the W. C. T. U. at her Fourth street home last evening. Mrs. W. W. Elcher the president, presided, and it was decided to have a silver medal contest to be held in the Evangelical Church on Friday evening, May 19, to be conducted by the Juniors raising in age from 10 to 11 years. The W. C. T. U. decided to observe Memorial Day by giving flowers to the G. A. R. The subject for the meeting last evening was "Safety and Precautions" and a paper was read on this subject by Mrs. Jennie Felgar. Miss Ankey read a paper on "Christian Citizenship" and Misses Henrietta Riegler and Anna Hardy sang a duet. This was followed by routine business.

AUTOMOBILE ACCIDENT.

Yesterday afternoon an auto clock car was coming out Broadway an automobile belonging to J. A. Miller of Frankstown avenue, Pittsburgh, came down Murray street and crashed into the car, breaking the engine and the front of the car, and pushed the pilot on the front of the street car. No person was injured in the car.

DIRTY TOWN'S SALARY INCREASED.

The board of directors of the Y. M. C. A. held a meeting and decided to give an increase to John Elcher, who is to be the new director of the Y. M. C. A. until September. They discussed the baseball teams that will be organized, to represent the Y. M. C. A. and the league teams that will be formed among members.

FOR SALE.

P. & L. E. ECONOMICS

Were Necessary, But Justified by Results and Improvements.

Vice President J. M. Schoonmaker of the Pittsburgh & Lake Erie, in submitting the annual report of the railroad, gives a key to the showing of the railroad, as follows: "At the beginning of the year drastic economies were introduced in the operation of the road because of the business depression of the previous year. Traffic during the first four months fell off to such an extent that each month's results were viewed with apprehension."

With the beginning of October traffic of almost every description began to move in great volumes, offsetting by far the losses and taxing the company's supply of available equipment to handle same."

In 1915 the Pittsburgh & Lake Erie spent \$890,000 for additions and betterments, most of which was accounted

HONEST VALUE, HIGH QUALITY PLUG CHEW

"American Navy" Has a Sweet, Mellow Taste That Satisfies

LONGEST-LASTING CHEW

A real tobacco appetite can be satisfied only with a big, juicy chew—and to get all the benefit out of your chew it must be in plug form.

Sweet, mellow plug tobacco like "American Navy" gets right next to your taste—and stays there.

American Navy is a man's chew. It's made of the same kind of leaf as good cigars are made of, but instead of being loose cuttings and clippings, it is whole long leaf, pressed into plug form, with the sweet, fruity juice forced through the entire plug.

"American Navy" is the big-value chew. You can pay more for chewing tobacco, but you can't get more genuine tobacco satisfaction for your money than American Navy gives you.

Today—right now—get a big, generous 5c or 10c cut of American Navy from your dealer.

ed for in additions to yards and sidings, and by expenditures on a storage warehouse in Pittsburgh, west of the West Carson street freight houses. Except for comparatively small amounts, which were spent for betterment to freight cars and locomotives and for building cuboose cars in the company's own shops, there were no expenditures for new equipment during the year, and four locomotives, three passenger trains cars and 25 freight cars were retired.

The Pittsburgh & Lake Erie now has contracted for five Mikados, two Mallets for switching service, and 2,000 composite gondola cars, and also for five Mikados, 1,000 composite gondola cars and 1,000 steel hopper cars on account of the Pittsburgh, McKeesport & Younglopheny.

To Boost Cumberland. The Chamber of Commerce of Cumberland is planning to have an "industrial survey" of the city made at a cost of \$1,500, preliminary to an active boosting campaign.

It Will Pay You To read our advertising columns.

WRIGHT-METZLER CO. "The Store With the New Styles First."

WRIGHT-METZLER CO.

Open 8.00 A. M.; Close 3.30 P. M.

Attention Please—All Women Who Haven't Bought Suits

ALL OF YOU have read of the great strikes and "lockouts" of the Garment Workers in the East. One of the firms with which we do extensive business was most seriously affected. This particular manufacturer, however, anticipated what was coming and had all his materials cut up and made into suits suitable for late season wear and fashioned accordingly.

In order to clear his floor before closing his factory, he favored us with a goodly share of these suits at remarkable price reductions. These late season models, together with some of the best styles from our regular stocks, we have arranged in two great groups that SURELY will appeal to YOU. Quality and price considered, these are the biggest values of the season.

Group One Specially Priced at

Only \$25 for suits worth regularly up to \$35. Practically every sort of model that good taste approves. Most of these are individual types not shown heretofore in Connellsville.

Group Two Specially Priced at

Only \$19.75 for \$25 and \$29.75 Suits. Plain and fancy models in serges, gabardines and other fine cloths. In point of style easily first among everything shown in this city.

Entire Stock of Suits is Not Included

Thrifty women are selecting from our wonderful assortment of

Colored Dress Goods

There are excellent reasons for doing so: Summer will be upon us before we are aware of it, and then sewing and fitting are burdensome. The question of price, too, is an important factor.

Although the tendency is steadily upward, our prices, with but few exceptions, will remain the same until present stocks are exhausted. Hundreds of styles here.

White Corduroy With Low Prices

Because these are the days that scissors are busily cutting into white corduroys for Sports Suits, Skirts and Separate Coats. To have them ready when needed, preparations should be begun immediately.

White Corduroy, 30 inches wide, at \$1.00 the yard.

White Corduroy, 36 inches wide, to sell for 75c the yard.

A Kaleidoscope of Colors in the Silk Stocking Dept.

Do you remember when there were just three kinds of stockings—black, white and tan?

Colors at the hosiery counter now would make you think you were looking in a kaleidoscope. It might be a little difficult for a woman to choose from among so much variety and loveliness unless she had her mind set on some special color.

And please don't forget that a time is coming when silk stockings in all these shades will not be so easy to get as you may get them now.

Prices range from \$1.00 to \$4.00 the pair.

25 plain shades and many fancy designs to sell at \$1.00 a pr.

Get Your Premiums Now

As we are going to discontinue the giving of Silver Trading Coupons on May 31, we earnestly advise that all outstanding premiums be redeemed before that date.

Don't be content merely with receiving your certificate but—GET YOUR PREMIUM.

Boys' Wash Suits

Mothers who believe in preparedness are buying a whole Summer's supply of Wash Suits now while selection is at its very best.

They are choosing Tommy Tucker, Russian, Middy, Billie, or any other style which most forcibly strikes their fancy. White and solid shades with contrasting or self-collars and cuffs, and many fancy models.

50c to \$3.50

The Dark Blue Serges Everybody Likes for Spring

Serge is always a Spring favorite, and its close allies—wool poplin, diagonals and "tricot" or double-twill serges.

These are by far the favorite material for Spring Suits and tailored Street Frocks, and come in many variations of dark blue from marine to navy and midnight.

A really fine assortment of the lighter and heavier weaves is here for Suits, Coats, Dresses and Skirts from 59c to \$2 the yard.

Hartzell Tressler was a Connellsville business caller yesterday.

Mrs. E. C. Holt spent Tuesday shopping and calling on friends in Connellsville.

Read The Daily Courier.

If your eyes trouble you.

If you cannot see well.

If troubled with headaches.

If you cannot read with comfort.

I Can Help You.

Dr. A. L. Tucker

Graduate of McCormick Medical College.

104 S. Pittsburgh St., Connellsville. 2 Branches Bldg., Scotland.

FISK

Non-Skids

—first of all a quality tire in every sense of the word. No tire can be made of better materials.

But the Price is Less

on Fisk Non-Skids than on plain tread casings of several other standard makes.

The Fisk Branch Organization is the most wide-spread in the industry (over 100 direct branches) and the Service Policy is by far the most liberal.

Fisk Tires For Sale By

Connellsville Garage
